

**REGULAR MEETING OF THE
SALADO BOARD OF ALDERMEN**

AGENDA

**SPECIAL CALLED MEETING
AND
REGULAR WORKSHOP MEETING**

**6:30 P.M., THURSDAY, FEBRUARY 11, 2016
MUNICIPAL BUILDING
301 NORTH STAGECOACH, SALADO, TX
BOARD OF ALDERMEN CHAMBERS**

I. CALL TO ORDER

II. REGULAR SESSION

1. Presentation, discussion, and possible action on an ordinance authorizing the annexation of the tracts of land generally described below:

Sanctuary Development:

- a. 31.745 +/- acres generally located at the northeast corner of FM 2268 and I-35 frontage road.
 - b. 196.945 +/- acres generally located at the corner of Salado Oaks Drive and FM 2268, and the 700 block of Royal Street Drive, just east of Rose Way Circle.
 - c. 58.132 +/- acres generally located at the southeast corner of FM 2268 and I-35 frontage road.
2. Presentation, discussion and possible action on an ordinance authorizing the annexation of the tract of land generally described below:

Hidden Glen Subdivision – Senior Living

18.71 acres out of 20.017 acres in the Young Williams Survey, Abstract No. 861, Tract 1, Bell County, Texas, located at 251 Mary Lane locally known as Hidden Glen Senior Living.

3. Presentation, discussion, and possible action an ordinance authorizing zoning and/or rezoning of the tracts generally described below:

Sanctuary Development:

- a. 55.499 +/- acres to PD-MU (Planned Development Mixed Use), generally located at the northeast corner of FM 2268 and I-35 frontage road (Area A).

b. 197.265 +/- acres to PD-MU (Planned Development Mixed Use), generally located at the corner of Salado Oaks Drive and FM 2268, and the 700 block of Royal Street Drive, just east of Rose Way Circle (Area B).

c. 57.985 +/- acres to PD-C (Planned Development Commercial), generally located at the southeast corner of FM 2268 and I-35 frontage road (Area C).

d. 3.12 +/- acres from HD (Historical District) to PD-C (Planned Development Commercial), generally located at 714 South Main Street (Area D).

4. Presentation, discussion, and possible action on an ordinance authorizing zoning of the tract generally described below:

Hidden Glen -- Senior Living

18.71 acres out of 20.017 acres in the Young Williams Survey, Abstract No. 861, Tract 1, to PD-MU (Planned Development Mixed Use) for Hidden Glen Senior Living Center, located at 251 Mary Lane.

III. WORKSHOP SESSION

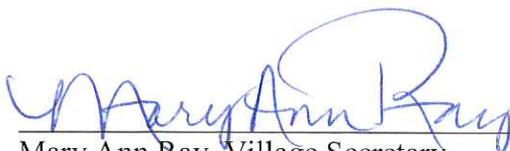

5. Discussion on appointments to Committees and Advisory Boards to include;
- a. Appointment of Board of Aldermen members
 - b. Citizen members
 - c. Chairmen and Vice Chairmen.
6. Discussion on an appointment to the Planning & Zoning Commission to fill an expired term.
7. Discussion on a land lease for a park or plaza on Main Street.

IV. ADJOURN

The Village of Salado reserves the right to adjourn into executive session at any time during the course of this meeting to discuss any of the matters listed above, as authorized by Texas Government Code Sections 551.071 (Consultation with Attorney), 551.072 (Deliberations about Real Property), 551.073 (Deliberations about Gifts and Donations), 551.074 (Personnel Matters), 551.076 (Deliberations about Security Devices) and 551.087 (Economic Development).

This facility is wheelchair accessible and accessible parking spaces are available. Requests for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the Village Secretary's office at (254) 947-5060 for further assistance.

I hereby certify that a true and correct copy of this Notice of Meeting was posted in a public place at 6:00 p.m. on **Monday, February 8, 2016.**

Mary Ann Ray, Village Secretary

BOARD OF ALDERMAN

AGENDA ITEM MEMORANDUM

2/11/16
Item # 1
Regular Agenda
Page 1 of 2

DEPT/DIVISION REVIEW: Kim Foutz, Village Administrator

ITEM DESCRIPTION: Presentation, discussion, and possible action on an ordinance authorizing the annexation of the tracts of land generally described below:

Sanctuary Development:

- a. 31.745 +/- acres generally located at the northeast corner of FM 2268 and I-35 frontage road.
- b. 196.945 +/- acres generally located at the corner of Salado Oaks Drive and FM 2268, and the 700 block of Royal Street Drive, just east of Rose Way Circle.
- c. 58.132 +/- acres generally located at the southeast corner of FM 2268 and I-35 frontage road.

STAFF RECOMMENDATION: Staff recommends approval.

ITEM SUMMARY AND ANALYSIS: Texas State law stipulates a procedure for municipal annexation of areas where owners of real property have specifically petitioned for voluntary annexation. The owner of the three tracts totaling 286.822 acres has formally requested that the Village annex said acreage for the development of a mixed use development. The property lies within the Village's extraterritorial jurisdiction (ETJ).

The Board of Aldermen accepted the Voluntary Petition for annexation on December 10, 2015 and passed Resolution R-2015-131. The Resolution accomplished the following:

- Established a timetable for completing annexation
- Directed staff to perform all activities necessary for the initiation of annexation proceedings
- Directed staff to develop a Municipal Services Plan
- Called for two public hearings to consider the annexation.

Accepting the petition initiates a series of proceedings, which may eventually lead to annexation of the land that the owner has petitioned the Village to annex.

In accordance with the Resolution, staff has prepared and presented the Municipal Services Plan, followed the schedule and performed the associated postings and notices, and called for the two public hearings.

Annexation of the 286.822 acres will require adoption of an ordinance (attached) approved by the BOA. Before the ordinance can be introduced, Texas State law requires that two public hearings must be held to consider arguments for and against the proposed annexation. The BOA held the public hearings on January 14, 2016, and January 21, 2016.

Staff prepared and presented a Municipal Services Plan at the hearings held on January 14, 2016 and January 21, 2016, as required by state law, showing how the City will serve the area proposed to be annexed. The proposed schedule anticipates adoption of the ordinance, approval of the service plan, and completion of the proceedings on February 11, 2016.

Zoning proceedings and public hearings have been held concurrently and will be acted upon after annexation.

FISCAL IMPACT: Cost of notices and future expenditures to accomplish the Municipal Services Plan.

ATTACHMENTS:

- Maps of Proposed Annexation Area
- Proposed Municipal Services Plan
- Annexation Ordinance (to be delivered separately)

Proposed Annexation Area A

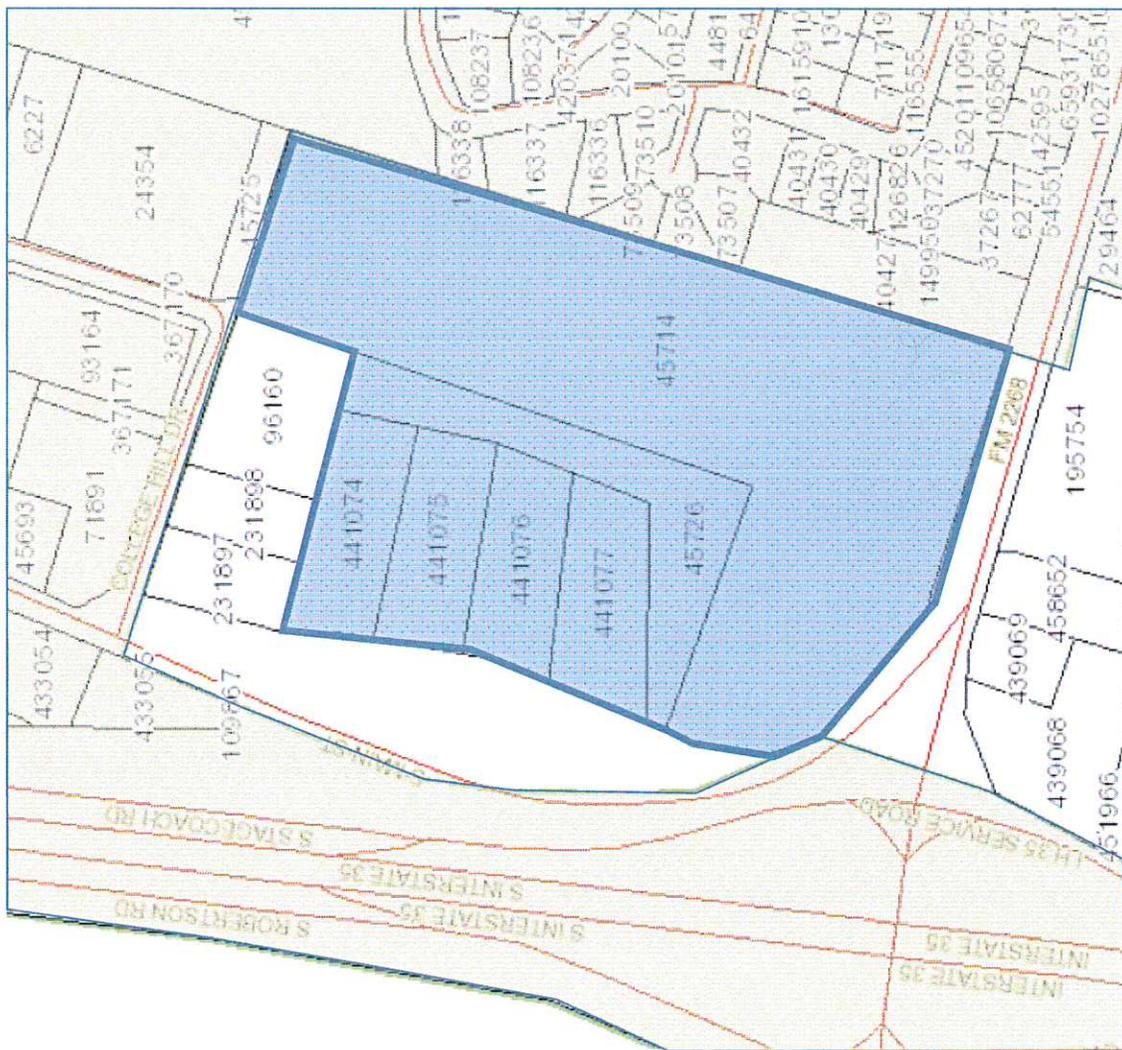

Property requested to be annexed

Area already within the Village limits

Area outside the Village limits

Proposed Annexation Area B

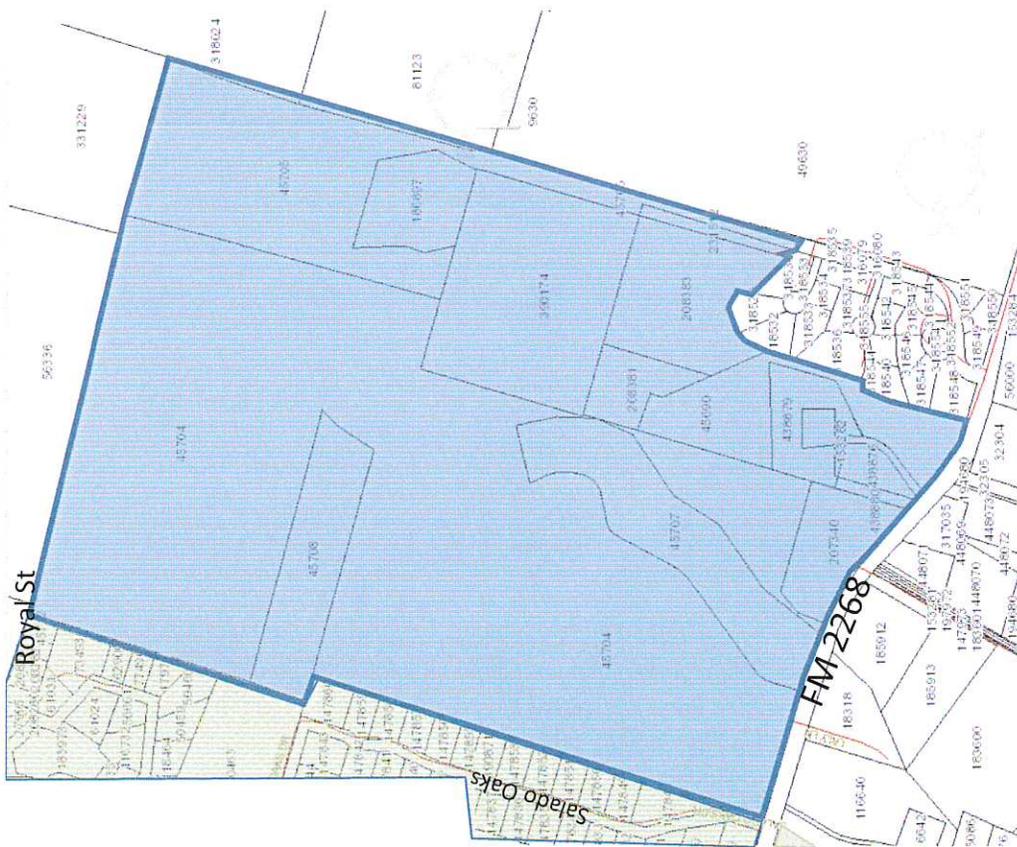

Property requested to be annexed

Area already within the Village limits

Area outside the Village limits

ATTACHMENT “C”

VILLAGE OF SALADO

ANNEXATION SERVICE PLAN - VOLUNTARY ANNEXATION

SANCTUARY DEVELOPMENT

For 286.822+- acres of land generally bounded by Royal Street (to the north), I-35 to the west, and Salado Oaks Drive to the east, abutting the city limits boundary situated within multiple Surveys, Bell County, Texas and being more particularly described as Exhibit “A” (Field Notes) and depicted as Exhibit “B” (Map) of the Annexation Ordinance (2016.01).

SERVICES TO BE PROVIDED ON THE EFFECTIVE DATE OF ANNEXATION

MAINTENANCE

1. POLICE PROTECTION

The Village will provide protection to the newly-annexed tracts at the same or similar service now being provided in other areas of the Village, with the same or similar topography, land use and population density.

2. FIRE PROTECTION

The Village will provide fire protection, through a services contract with the Salado Volunteer Fire Department, to the newly-annexed tracts at the same or similar level of service now being provided to other areas of the Village, with the same or similar topography, land use and population density. The Village will provide First Responder services through the same contract with the Salado Volunteer Fire Department.

3. AMBULANCE SERVICE

The Village will provide First Responder services through a contract with the Salado Volunteer Fire Department and Emergency Medical Services (EMS) through a contract with Scott & White Hospital System.

4. SOLID WASTE COLLECTION

Solid Waste collection will be provided to the newly-annexed tracts by private contractors legally operating in the Village Limits.

5. MAINTENANCE OF WATER FACILITIES

Any and all water facilities owned or maintained by the Salado Water Supply Corporation at the time of the proposed annexation shall continue to be maintained by the Salado Water Supply Corporation. Any and all water facilities installed subsequent to annexation will be owned and maintained in accordance with Salado Water Supply Corporation's policies.

6. MAINTENANCE OF WASTEWATER FACILITIES

No public wastewater system facilities are currently available in the area; each property is served by on-site sewage. Any and all wastewater facilities acquired by the Village or installed subsequent to the annexation of the proposed area shall be dedicated to and maintained by the Village, to the extent of its ownership. Any and all wastewater facilities outside the extent of the ownership of the Village, which are owned by private owners and or developer, shall continue to provide those maintenance services to the newly-annexed tract.

7. MAINTENANCE OF ROADS AND STREETS

Any and all public roads, streets or alleyways which have been dedicated to the Village, or which are owned by the Village, shall be maintained to the same degree and extent that other roads, streets and alleyways are maintained in areas with similar topography, land use and population density. Any and all private roads, streets or alleyways shall be maintained by the HOA/POA/Master Association pursuant to the Master Development Agreement. Pursuant to the Master Development Agreement, any and all lighting (including security lighting) of roads, streets and alleyways which may be positioned in a right-of-way, roadway or utility company easement shall be maintained by the HOA/POA/Master Association or applicable utility company pursuant to the rules, regulations and fees of such utility or HOA/POA/Master Association. In accordance with the Master Development Agreement, the HOA/POA/Master Association will be responsible for all utility bills associated with the above referenced lighting.

8. MAINTENANCE OF PUBLIC PARKS, FACILITIES, RECREATIONAL AREAS, GREENBELTS, AND PLAYGROUNDS

The Village is not aware of any existing parks, facilities, recreational areas, or playgrounds now located in the area proposed for annexation. In accordance with the Master Development Agreement, Section VI, any private parks, playgrounds, greenbelts, recreational areas, facilities or trails that are installed will be maintained by the HOA/POA/Master Association. In accordance with Section VI of the Master Development Agreement, no public parks, playgrounds, recreational areas, facilities or trails will be installed.

9. MAINTENANCE OF MUNICIPALLY-OWNED FACILITY, BUILDING OR MUNICIPAL SERVICE

The Village is not aware of the existence of any public-owned facility, building or other municipal service now located in the area proposed for annexation. In the event any such

publicly-owned facility, building or municipal services does exist and are public facilities, the Village will maintain such areas to the same extent and degree that it maintains publicly-owned facilities, buildings or municipal services of the Village now incorporated in the Village.

10. INSPECTIONS

Plat, construction plan reviews, and any other development applications will be provided pursuant to the Master Development Agreement, Sections 4.04 and 4.08. Building code review and inspection will be provided pursuant to the Master Development Agreement, Section 4.10.

11. CODE ENFORCEMENT

The Village will provide code enforcement services to the newly-annexed area at the same or similar level of service now being provided to other areas of the Village with the same or similar topography, land use and population density.

12. MOWING

The Village will provide right-of-way mowing services adjacent to the newly-annexed tract at the same or similar level of service now being provided to other areas of the Village with the same or similar topography, land use and population density.

13. DRAINAGE

The Village will maintain existing drainage at the same or similar level of service now being provided to other areas of the Village, with the same or similar topography, land use and population density. The HOA/POA/Master Association will maintain all new drainage facilities to the newly-annexed areas.

CAPITAL IMPROVEMENTS:

1. POLICE PROTECTION, FIRE PROTECTION AND EMERGENCY MEDICAL SERVICES
The Village finds and determines it to be unnecessary to acquire or construct any capital improvements for the purposes of providing police protection, fire protection, First Responder or emergency medical services. The Village finds and determines that it has at the present time adequate facilities to provide the same type, kind and level of protection and service which is presently being administered to other areas already incorporated in the Village with the same or similar topography, land use and population density.
2. ROADS AND STREETS
The Village will undertake to provide the same degree of roads and street lighting as is provided in areas of the same or similar topography, land use and population density within the present corporate limits of the Village. Developers will be required, pursuant to the ordinances of the Village to provide internal and peripheral streets and to construct those streets in accordance with the specifications required by the Master Development Agreement or the Village for the properly dedicated street, whichever is applicable.

3. WATER FACILITIES

The Village does not have water facilities within the boundaries of the voluntary annexation. These areas are in Salado Water Supply Corporation's Certificate of Convenience and Necessity. The Village has a service availability letter on file from the Salado WSC. Pursuant to the Master Development Agreement, Section 5.02, Village and Owners have agreed that Salado WSC will provide retail water services to and within the area, and Village shall have no responsibility for the provision or maintenance of water services or facilities. Any extension of services will be provided pursuant to Salado WSC policies and the Master Development Agreement.

4. WASTEWATER FACILITIES

Currently, there are no wastewater treatment providers within the boundaries of the voluntary annexation and property owners rely on on-site sewage facilities (septic systems). Other areas of the Village with similar topography, land use, and population density as those found in the boundaries of the voluntary annexation also rely on on-site sewage facilities for wastewater infrastructure. Pursuant to the Master Development Agreement and Wastewater Services Agreement with the developer and landowners, it is anticipated that the Village will construct a wastewater treatment plant and lines along Royal Street which are intended to service the properties. A lift station will also be constructed at/near the intersection of Royal Street and Main Street which are part of the system which will service the properties. Extension of other collection lines and wastewater facilities will be performed consistent with Village utility policies, the Master Development Agreement, and the Wastewater Services Agreement as applicable.

5. PUBLIC PARKS, FACILITIES, RECREATIONAL AREAS, GREENBELTS, AND PLAYGROUNDS

Pursuant to the Master Development Agreement, Section VI, the Village is not responsible for construction of any new public parks, facilities, recreational areas, greenbelts and playgrounds. Such facilities will be constructed by the property owner(s)/developer and an owner and or HOA/POA/Master Association shall be responsible for maintenance.

6. CAPITAL IMPROVEMENTS

Notwithstanding any other provision of this service plan, a landowner within the newly annexed area will not be required to fund capital improvements as necessary for municipal services in a manner inconsistent with Chapter 395 of the Local Government Code unless otherwise agreed to by the landowner or pursuant to the Master Development Agreement or Wastewater Services Agreement.

SPECIFIC FINDINGS

The Board of Aldermen finds and determines that this proposed Municipal Service Plan will not provide any fewer services, and it will not provide a lower level of service in the area proposed to

be annexed than were in existence in the proposed area at the time immediately preceding the annexation process.

Because of the differing characteristics of topography, land utilization, and population density, the service levels which may ultimately be provided in the newly annexed area may differ somewhat from the services provided in other areas of the Village. These differences are specifically dictated because of differing characteristics of the property and the Village will undertake to perform consistent with this contract so as to provide the newly-annexed area with the same type, kind and quality of service presently enjoyed by the citizens of the Village who reside in areas of the same or similar topography, land utilization and population density.

APPROVED ON THE _____ DAY OF _____, 2016.

Skip Blancett, Mayor

Mary Ann Ray, Village Secretary

BOARD OF ALDERMAN

AGENDA ITEM MEMORANDUM

2/11/16
Item # 2
Regular Agenda
Page 1 of 2

DEPT/DIVISION REVIEW: Kim Foutz, Village Administrator

ITEM DESCRIPTION: Presentation, discussion and possible action on an ordinance authorizing the annexation of 18.71 acres out of 20.017 acres in the Young Williams Survey, Abstract No. 861, Tract 1, Bell County, Texas, located at 251 Mary Lane locally known as Hidden Glen Senior Living

STAFF RECOMMENDATION: Staff recommends approval.

ITEM SUMMARY AND ANALYSIS: Texas State law stipulates a procedure for municipal annexation of areas where owners of real property have specifically petitioned for voluntary annexation. The owner of the 20.017 acre tract (1.307 acres already in the Village Limits) adjoining to Mary Lane Drive, generally east of Vanessa Street and north of Mill Creek Drive, has formally requested that the Village annex said acreage for the development of a senior living project. The property lies within the City's extraterritorial jurisdiction (ETJ).

The Board of Aldermen accepted the Voluntary Petition for annexation on December 10, 2015 and passed Resolution R-2015-132. The Resolution accomplished the following:

- Established a timetable for completing annexation
- Directed staff to perform all activities necessary for the initiation of annexation proceedings
- Directed staff to develop a Municipal Services Plan
- Called for two public hearings to consider the annexation.

Accepting the petition initiates a series of proceedings, which may eventually lead to annexation of the land that the owner has petitioned the Village to annex.

In accordance with the Resolution, staff has prepared and presented the Municipal Services Plan, followed the schedule and performed the associated postings and notices, and called for the two public hearings.

Annexation of the 18.71 acres will require adoption of an ordinance (attached) approved by the BOA. Before the ordinance can be introduced, Texas State law requires that two public hearings must be held to consider arguments for and against the proposed annexation. The BOA held the public hearings on January 14, 2016, and January 21, 2016.

Staff prepared and presented a Municipal Services Plan at the hearing held on January 14, 2016, and January 21, 2016, as required by state law, showing how the City will serve the area proposed to be annexed. The proposed schedule anticipates adoption of the ordinance, approval of the service plan, and completion of the proceedings on February 11, 2016.

Zoning proceedings and public hearings have been held concurrently and will be acted upon after annexation.

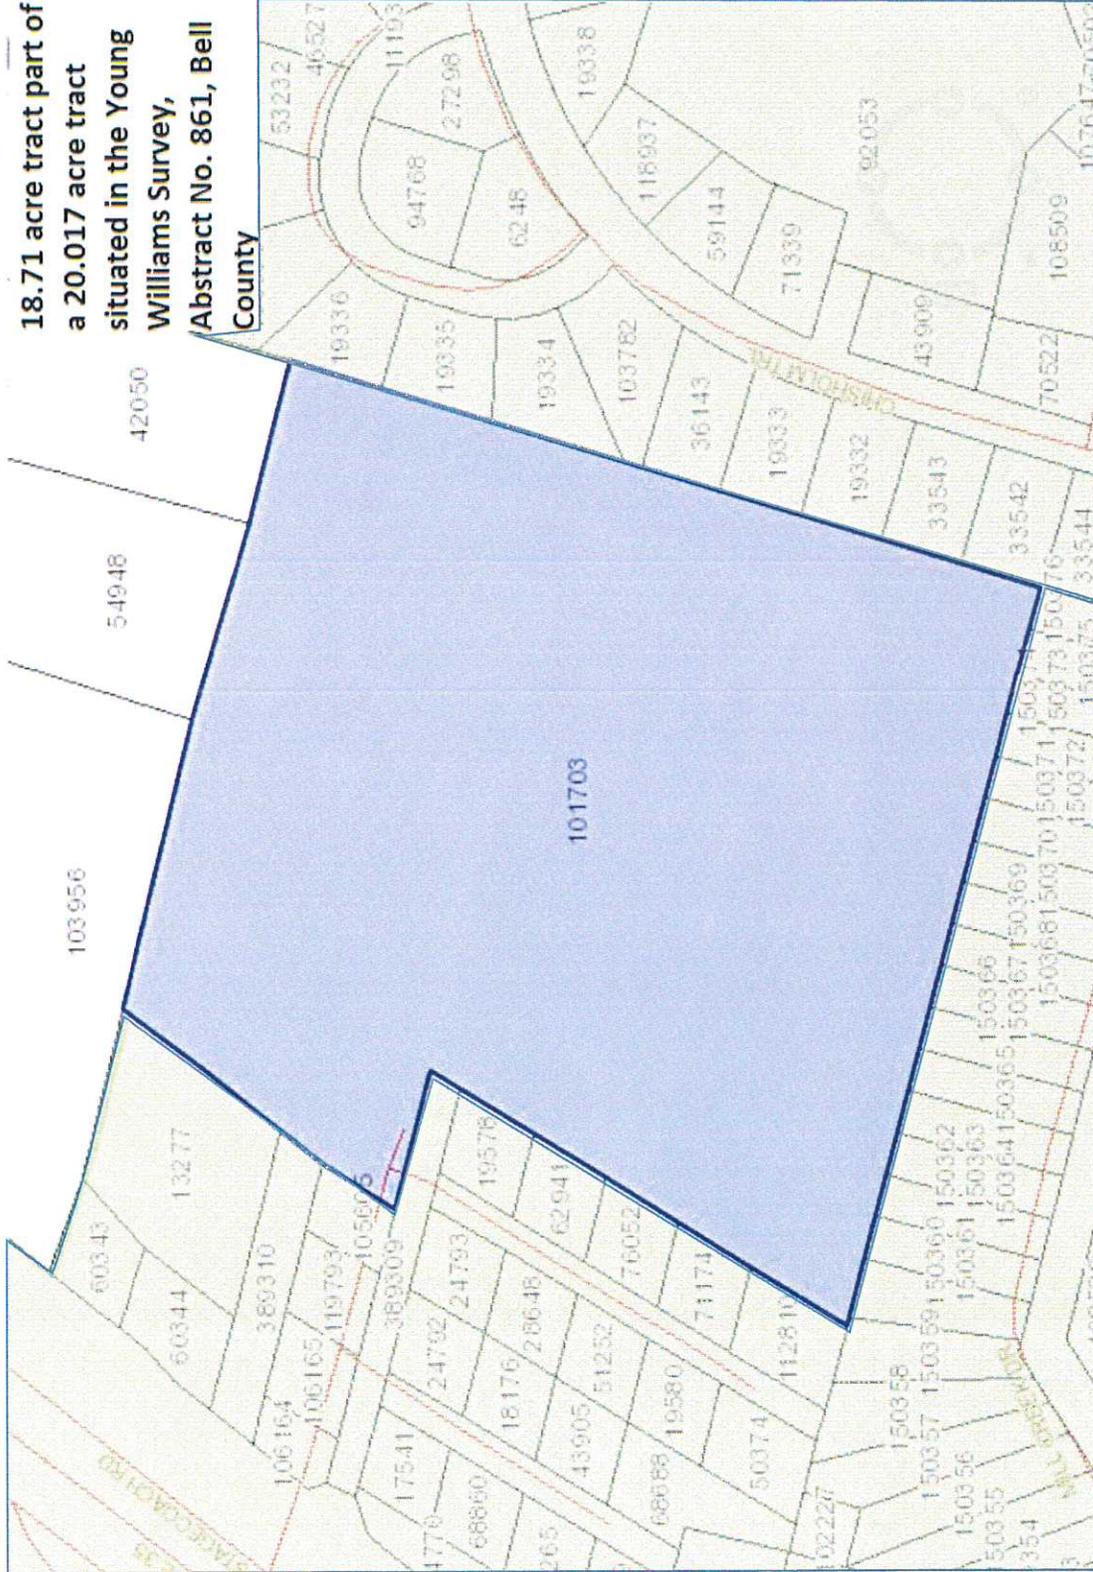

FISCAL IMPACT: Cost of notices and future expenditures to accomplish the Municipal Services Plan.

ANNEXATION SERVICE PLAN - VOLUNTARY ANNEXATION
HIDDEN GLEN DEVELOPMENT

For 18.71 +-acres of land out of 20.017 acres located at 251 Mary Lane, generally bounded by Paradise Lane (to the north), Vanessa Street to the west, Chisholm Trail to the east, and Mill Creek Drive to the south, abutting the city limits boundary, situated within the Young Williams Survey, Abstract No. 861, Tract 1, Bell County, Texas and being more particularly described as Exhibit “A” (Field Notes) and depicted as Exhibit “B” (Map) of the Annexation Ordinance (2016.02).

SERVICES TO BE PROVIDED ON THE EFFECTIVE DATE OF ANNEXATION

MAINTENANCE

1. POLICE PROTECTION

The Village will provide protection to the newly-annexed tracts at the same or similar service now being provided in other areas of the Village, with the same or similar topography, land use and population density.

2. FIRE PROTECTION

The Village will provide fire protection through a services contract with the Salado Volunteer Fire Department to the newly –annexed area at the same or similar level of service now being provided to other areas of the Village, with the same or similar topography, land use and population density. The Village will provide First Responder services through the same contract with the Salado Volunteer Fire Department.

3. AMBULANCE SERVICE

The Village will provide First Responder services through a contract with the Salado Volunteer Fire Department and emergency medical services (EMS) through a contract with Scott & White Hospital System.

4. SOLID WASTE COLLECTION

Solid Waste collection will be provided to the newly-annexed tracts by private contractors legally operating in the Village Limits.

5. MAINTENANCE OF WATER FACILITIES

Any and all water facilities owned or maintained by the Salado Water Supply Corporation at the time of the proposed annexation shall continue to be maintained by the Salado Water

Supply Corporation. Any and all water facilities installed subsequent to annexation will be owned and maintained in accordance with Salado Water Supply Corporation's policies.

6. MAINTENANCE OF WASTEWATER FACILITIES

No public wastewater system facilities are currently available in the area. The development will initially be served with on-site sewage (septic system), as approved by the Bell County Health Department. Any and all wastewater facilities, excluding septic systems, acquired by the Village or installed subsequent to the annexation of the proposed area shall be dedicated to and maintained by the Village, to the extent of its ownership. Any and all wastewater facilities outside the extent of the ownership of the Village, which are owned by private owners and or developer, shall continue to be maintained by private owners and or developer in the newly-annexed tract.

7. MAINTENANCE OF ROADS AND STREETS

Any and all public roads, streets or alleyways which have been dedicated to the Village, or which are owned by the Village, shall be maintained to the same degree and extent that other roads, streets and alleyways are maintained in areas with similar topography, land use and population density. Any and all private roads, streets or alleyways, including but not limited to Mary Lane, shall be maintained by the property owner. Any and all lighting of private roads, streets and alleyways which may be positioned in a roadway or utility company easement shall be privately owned and maintained by the property owner. There is no anticipated lighting to be installed or maintained in the public right-of-way, streets or alleys.

8. MAINTENANCE OF PUBLIC PARKS, FACILITIES, RECREATIONAL AREAS, GREENBELTS, & PLAYGROUNDS

The Village is not aware of the existence of any parks, facilities or playgrounds now located in the area proposed for annexation. There are no public parks, playgrounds, facilities or trails anticipated to be dedicated to the Village. Any private parks, facilities and trails will be maintained by the property owner.

9. MAINTENANCE OF MUNICIPALLY-OWNED FACILITY, BUILDING OR MUNICIPAL SERVICE

The Village is not aware of the existence of any public-owned facility, building or other municipal service now located in the area proposed for annexation. In the event any such publicly-owned facility, building or municipal services does exist and are public facilities, the Village will maintain such areas to the same extend and degree that it maintains publicly-owned facilities, buildings or municipal services of the Village now incorporated in the Village.

10. INSPECTIONS

The Village will provide building inspection services upon approved building permits from the Village to the newly-annexed tract at the same or similar level of service now being

provided to other areas of the Village with the same or similar topography, land use, and population density.

11. CODE ENFORCEMENT

The Village will provide code enforcement services to the newly-annexed area at the same or similar level of service now being provided to other areas of the Village with the same or similar topography, land use and population density.

12. MOWING

The Village will provide right-of-way mowing services adjacent to the newly-annexed tract at the same or similar level of service now being provided to other areas of the Village with the same or similar topography, land use and population density.

13. DRAINAGE

The property owner will provide maintenance of drainage facilities since there are no publicly dedicated drainage facilities on this tract.

CAPITAL IMPROVEMENTS:

1. POLICE PROTECTION, FIRE PROTECTION AND EMERGENCY MEDICAL SERVICES

The Village finds and determines it to be unnecessary to acquire or construct any capital improvements for the purposes of providing police protection, fire protection, or emergency medical services. The Village finds and determines that it has at the present time adequate facilities to provide the same type, kind and level of protection and service which is presently being administered to other areas already incorporated in the Village with the same or similar topography, land use and population density.

2. ROADS AND STREETS

The Village will undertake to provide the same degree of road and street lighting as is provided in areas of the same or similar topography, land use and population density within the present corporate limits of the Village. Developers will be required, pursuant to the ordinances of the Village to provide internal and peripheral streets and to construct those streets in accordance with Village specifications. Internal streets and Mary Lane are platted as private streets and will be installed by the owner.

3. WATER FACILITIES

The Village does not have water facilities within the boundaries of the voluntary annexation. These areas are in Salado Water Supply Corporation's Certificate of Convenience and Necessity area. The Village has a service availability letter on file for the Salado WSC. Any extension of services will be provided pursuant to SWSC policies.

4. WASTEWATER FACILITIES

Currently, there are no wastewater treatment providers or facilities within the boundaries of the voluntary annexation and property owners rely on on-site sewage facilities (septic systems). Other areas of the Village with similar topography, land use, and population density as those found in the boundaries of the voluntary annexation also rely on on-site sewage facilities for wastewater infrastructure. For this reason and in accordance with Local Government Code Section 43.056(g), the Village proposes no extension of wastewater facilities within the boundaries of the voluntary annexation at this time.

5. PUBLIC PARKS, FACILITIES, RECREATIONAL AREAS, GREENBELTS & PLAYGROUNDS

There are no proposed public parks in the area. Private park amenities and trails will be installed by the developer as per the approved Site Plan.

6. CAPITAL IMPROVEMENTS

Notwithstanding any other provision of this service plan, a landowner within the newly annexed area will not be required to fund capital improvements as necessary for municipal services in a manner inconsistent with Chapter 395 of the Local Government Code unless otherwise agreed to by the landowner or pursuant to the Master Development Agreement.

SPECIFIC FINDINGS

The Board of Aldermen finds and determines that this proposed Municipal Service Plan will not provide any fewer services, and it will not provide a lower level of service in the area proposed to be annexed than were in existence in the proposed area at the time immediately preceding the annexation process.

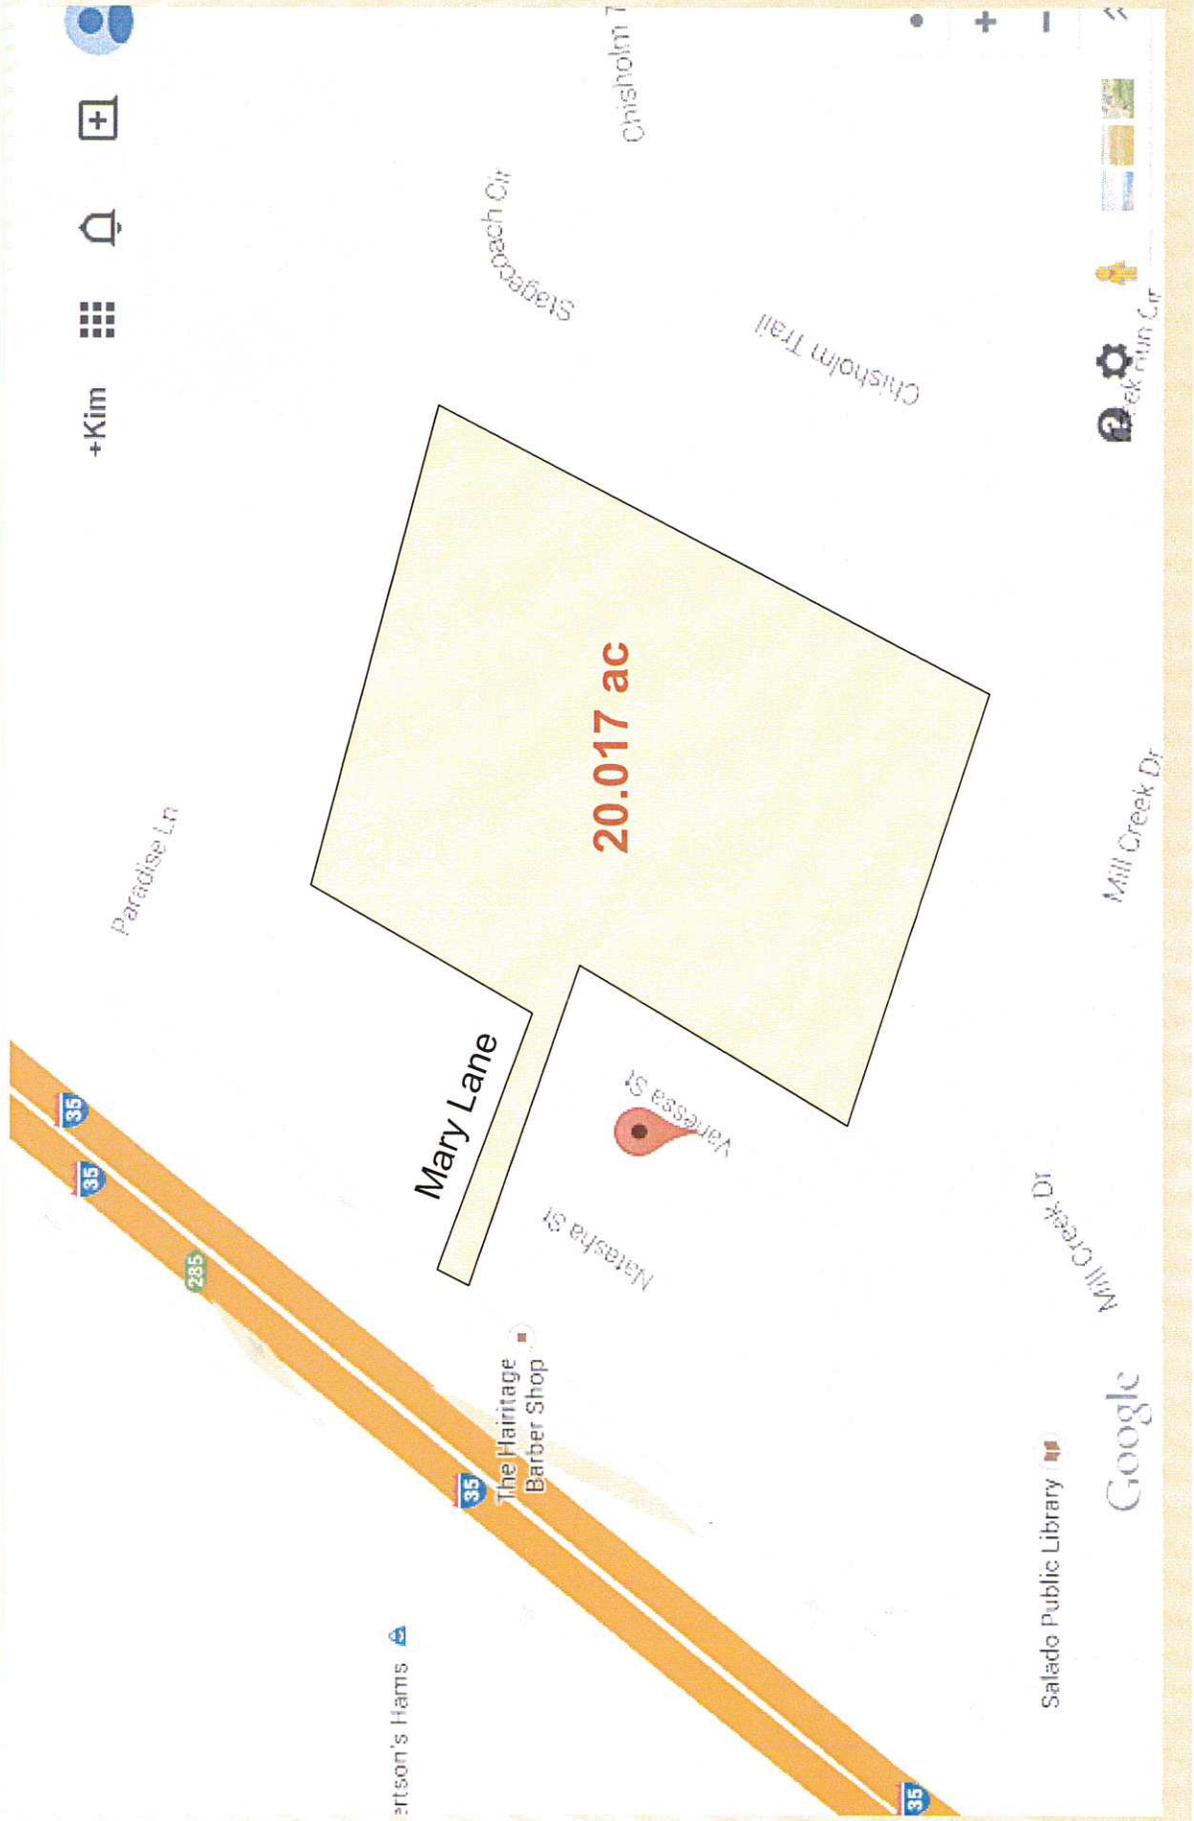

Because of the differing characteristics of topography, land utilization, and population density, the service levels which may ultimately be provided in the newly annexed area may differ somewhat from the services provided in other areas of the Village. These differences are specifically dictated because of differing characteristics of the property and the Village will undertake to perform consistent with this contract so as to provide the newly-annexed area with the same type, kind and quality of service presently enjoyed by the citizens of the Village who reside in areas of the same or similar topography, land utilization and population density.

BOARD OF ALDERMEN MEETING

AGENDA ITEM MEMORANDUM

2/11/16

Regular Agenda
Item # 3
Page 1 of 5

DEPT/DIVISION REVIEW: Chrissy Lee, Planning and Development
Kim Foutz, Village Administrator

ITEM DESCRIPTION: Presentation, discussion, and possible action an ordinance authorizing zoning and/or rezoning of the tracts generally described below:

Sanctuary Development:

55.499 +/- acres to PD-MU (Planned Development Mixed Use), generally located at the northeast corner of FM 2268 and I-35 frontage road (Area A).

197.265 +/- acres to PD-MU (Planned Development Mixed Use), generally located at the corner of Salado Oaks Drive and FM 2268, and the 700 block of Royal Street Drive, just east of Rose Way Circle (Area B).

57.985 +/- acres to PD-C (Planned Development Commercial), generally located at the southeast corner of FM 2268 and I-35 frontage road (Area C).

3.12 +/- acres from HD (Historical District) to PD-C (Planned Development Commercial), generally located at 714 South Main Street (Area D).

PLANNING AND ZONING COMMISSION RECOMMENDATION:

Area A:

- P&Z recommended 3-0 to deny the request.
- Reason for denial is rezoning of the SF-7 zoned lots near/along Baines Street

Area B:

- P&Z recommended 3-0 to deny the request.
- Reason for denial is lack of detail in the master concept plan particularly roads and uses

Area C:

- P&Z recommended 3-0 to approve the request.

Area D:

- P&Z recommended 3-0 to deny the request.
- Reason for denial is the Commission received significant public input not to remove the Historical District zoning or uses.

STAFF RECOMMENDATION: Based on the following, staff recommends approval for zoning and/or rezoning for the following reasons:

1. The proposed zoning/rezoning is in substantial compliance with the Future Land Use Plan (FLUP).
2. The proposed zoning/rezoning is compatible with surrounding zoning and uses;
3. The request substantially complies with the Thoroughfare Plan – missing Royal Street extension to the east which is a Major Collector (see attached).
4. The request complies with the Future Trails System Plan (see attached)
5. Public facilities are anticipated to be available to serve the subject property.

ITEM SUMMARY AND ANALYSIS: The subject property contains four zoning/rezoning areas: Areas A, B, C, and D (see attached map). It is a Planned Development District. Proposed zoning/rezoning districts are as follows:

- Area A: PD-MU (multiple lots and tracts; the remainder is initial zoning). Please see special notes for changes.
- Area B: PD-MU
- Area C: PD-C
- Area D: PD-C (rezoning from Historical District). Please see special notes for changes.

NOTE FOR AREA A: PARCELS #45684 AND #45706 (AT BAINES STREET AND SALADO OAKS DRIVE, CURRENTLY USED AS A CEMETERY) HAVE BEEN REMOVED FROM AREA “A”. IN THE PD ORDINANCE, A NEW AREA “E” HAS BEEN CREATED, KEEPING THE UNDERLYING BASE ZONING OF SF-7 AND ALLOWING ONLY CEMETERY USE WITH A CONDITIONAL USE PERMIT.

NOTE FOR AREA A: A BUFFER, 60’ IN DEPTH, WILL BE PROVIDED IN AREA A BETWEEN ANY NEW COMMERCIAL BUILDINGS AND/OR STRUCTURES THAT ABUT A SINGLE-FAMILY DETACHED HOME THAT WAS EXISTING AS OF NOVEMBER 25, 2015. SUCH BUFFER SHALL CONSIST OF AN OPAQUE FENCE, AND/OR CONTINUOUS TREES, AND/OR COMPARABLE LANDSCAPE AND HARDSCAPE MATERIALS THAT PROVIDE A FULL SCREEN BETWEEN USES.

NOTE FOR AREA B: A BUFFER, 110’ IN DEPTH, WILL BE PROVIDED IN AREA B BETWEEN THE EASTERN PROPERTY LINE OF RESIDENTIAL LOTS FRONTING SALADO OAKS DRIVE AND THE PROPOSED DEVELOPMENT; AND ALL DEVELOPMENT IN THE BUFFER AREA WILL BE SINGLE FAMILY-DETACHED ONLY

NOTE FOR AREA D: THE PD ZONING ORDINANCE IS WRITTEN FOR THIS AREA TO BE PD-HD, (PLANNED DEVELOPMENT – HISTORIC DISTRICT) KEEPING THE UNDERLYING BASE ZONING AS HISTORIC DISTRICT, KEEPING USES CURRENTLY ALLOWED IN HD, AND KEEPING CURRENT REGULATIONS OF HD (I.E., PROVIDES GRANDFATHERING).

Proposed/potential uses by Area are listed in the attachment to this memo.

SURROUNDING PROPERTY AND USES: The following tables provide the direction from the property, Future Land Use Plan (FLUP) designation, existing zoning, and approximate current land uses.

Area A			
<u>Direction</u>	<u>FLUP</u>	<u>Current Zoning</u>	<u>Current Land Use</u>
Site	Retail/Commercial; Low-Density Residential	Outside city, SF-7	Primarily undeveloped
North	Historic District, Retail,	HD, SFR-7	Scattered residential; Tablerock
South	Retail/Commercial, Business Park	SFR-7, Outside city	Undeveloped; Bloomer’s; Wildfire
East	LDR, HDR, Public (municipal)	SFR-7	Residential; vacant
West	Retail/Commercial	HD, Outside city	I-35, B&B

Area B

<u>Direction</u>	<u>FLUP</u>	<u>Current Zoning</u>	<u>Current Land Use</u>
Site	Low-Density Residential	Outside city	Undeveloped
North	Low-Density Residential	Outside city	Undeveloped
South	Low-Density Residential	Outside city	Residential, vacant
East	Low-Density Residential	Outside city	Undeveloped, resident.
West	Low-Density Residential, HD, Public	SFR, HD	Residential

Area C

South	Low-Density Residential, Office	Outside city	Undeveloped, commer.
East	Low-Density Residential	Outside city	Undeveloped
West	Commercial/Retail	Outside city	Commercial, I-35

Area D

<u>Direction</u>	<u>FLUP</u>	<u>Current Zoning</u>	<u>Current Land Use</u>
Site	Historic District-Retail/Commercial	HD	Office & warehouse
North	Historic District; Commercial	HD	College Hill
South	Historic District; Commercial	HD	B&B
East	B&B, Retail, Low-Density Residential	HD	Residential
West	Historic District; Retail/Commercial	HD	Undeveloped

COMPREHENSIVE PLAN COMPLIANCE: The proposed zoning/rezoning relates to the following goals, objectives, or maps of the Comprehensive Plan and Future Trails System:

<u>Document</u>	<u>Policy, Goal, Objective, or Map</u>	<u>Compliance?</u>
CP	Map 3-1, Future Land Use Plan (FLUP)	Yes - Substantial
CP	Map 4-1. Transportation Plan	Yes - Substantial
FTS	Map 5-2, Future Trails System	Yes

Future Land Use Plan:

- Area A is proposed for Planned Development Mixed Use District. The FLUP calls for Retail/Commercial and Low-Density Residential. It is staff's opinion that Low Density Residential is no longer a suitable classification since wastewater will be available to these sites and the sites are inner-city with good access to major thoroughfares. A combination of retail, office, multi-family, residential (single family detached, duplex, triplex, patio home, townhome), personal/business service, transportation/auto services, amusement/recreation services, agriculture, and institutional/governmental uses, as proposed, is substantially compliant with the FLUP. At the P&Z Commission meeting, concerns were expressed regarding rezoning of existing SF-7 lots and acreage.
- Area B is proposed for Planned Development Mixed Use District. The FLUP calls for Low Density Residential. With wastewater being available to the site and two thoroughfares adjacent to the property, higher density residential may be considered appropriate. A combination of retail, residential (duplex,

triplex, patio home, single family detached, townhouse), personal/business service, commercial/wholesale trade, amusement/recreation services, agriculture, and institutional/governmental uses, as proposed, is not compliant with the FLUP. However, wastewater services will be available to these sites, and two major thoroughfares abut the property, which physically allow for more residential density. Multi-family (apartment) uses, as proposed, should be discussed at the meeting. At the P&Z Commissioner's meeting, citizen comments were directed toward wanting more detail on uses, detail on streets, and use location.

- Area C is proposed for Planned Development Commercial District. The FLUP calls for Commercial, Office, and Business Park development. The proposed zoning is compliant with the FLUP.
- Area D is proposed for Planned Development Commercial. The property is currently zoned Historic District. The FLUP calls for Historic District-Retail/Commercial. The proposed zoning is compliant with the FLUP except for additional review that would be required under Historic District zoning. Uses not currently allowed in HD that would be allowed in PD-C are highlighted in yellow on the attached "Allowed Uses by Zoning District and Area (A,B,C,D)

Transportation Plan:

- In Area A, there are existing local streets including Baines, Santa Maria, and San Jose. The property is primarily served by existing arterials including the I-35 frontage road and FM 2268. No future collectors are noted in the Transportation Plan.
- In Area B is served by FM 2268 and partially by an entrance at the bend of Royal Street. In Sanctuary's Master Conceptual Plan, multiple roads are depicted, including a north/south roadway which can serve as the Minor Collector shown on the Transportation Plan.
- Area C is to be served primarily two arterial roads which include I-35 and FM 2268. A north/south thoroughfare (collector) is planned just to the east of the property, but no collector or arterial roadways are planned in this area. Because of the requested dense commercial zoning, an east-west artery should be
- considered at the platting stage of Area C.
- Area D is served by a local street (College Hill) and Main Street. No other collectors are noted in the Transportation Plan.

Future Trails System: Area B includes a proposed Secondary Trail System. Sanctuary's Conceptual Master Plan and the Master Development Agreement contemplates multiple trails and greenbelts. There is a small section of trail that is planned across the street from Area A.

Other Public Facilities: The Salado Water Supply Corporation has provided a water availability letter for this development. Wastewater will be available upon completion of the Wastewater Treatment Plant, Royal Street line, and associated lateral lines.

DEVELOPMENT REGULATIONS: See attached Exceptions and Minimum Specifications and language in the Planned Development ordinance. Design Guidelines are an exhibit to the Master Development Agreement but have not been made available to the Village to date, therefore it is unclear whether it should be included or referenced in the PD ordinance. Staff will provide an update on this matter as soon as we receive advice.

PUBLIC NOTICE: Notice of public hearings and request for feedback were sent to all property owners within 200 feet of the subject property as required by state law and Village ordinance. As 5:00 p.m. February 8, 2016 the following feedback forms were received:

Area A:

66 notices mailed
31 Denial responses received (3 of which are outside of the Village)
3 Approval responses received
1 undeliverable

Area B:

71 notices mailed
14 Denial responses received (3 of which are outside of the Village)
0 Approval responses received
2 undeliverable

Area C:

15 notices mailed
1 Denial responses received (3 of which are outside of the Village)
0 Approval responses received

Area D:

10 notices mailed
8 Denial responses received (3 of which are outside of the Village)
0 Approval responses received

Due to the Planning and Zoning Commission recommendation, a supermajority affirmative vote will be required for Areas A, B, and D.

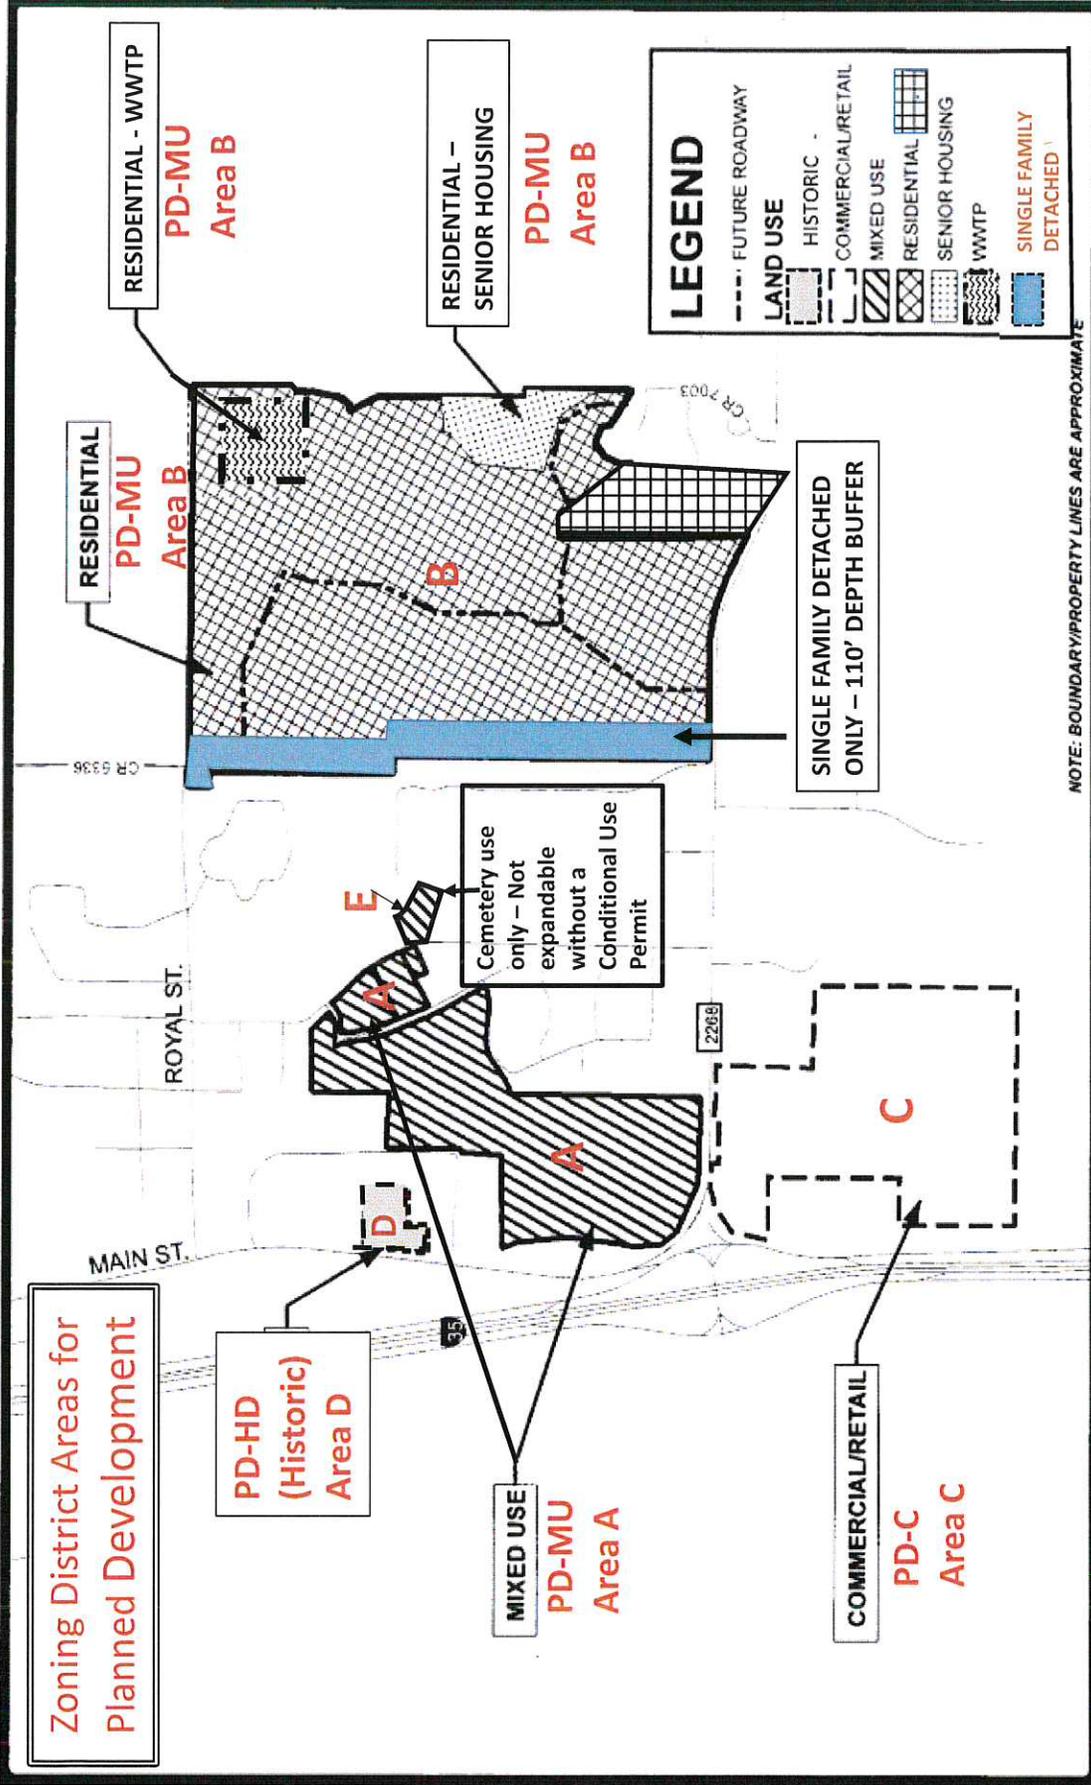

The Salado Village Voice printed notice of the public hearing on December 24, 2015, in compliance with state law and Village ordinance. A public hearing was held by the Planning and Zoning Commission on January 12, 2016, and the BOA held a public hearing on January 21, 2016.

FISCAL IMPACT: Not calculated.

ATTACHMENTS:

- Maps (2) of Proposed Zoning Districts Areas for Planned Development
- Allowed Uses by Zoning District and Area (A, B, C, D, E)
- Zoning Map
- Future Land Use Map
- Transportation Plan
- Future Trail System
- Letter of Service Availability from Salado Water Supply Corporation
- Exceptions and Minimum Specifications to the Ordinances
- Appeal Letter from Applicant
- PD Zoning Ordinances (to be delivered separately)

**Zoning District Areas for
Planned Development**

Sanctuary Conceptual Master Plan and PD Regulations

*A buffer, 60' in depth, will be provided in **Area A** (PD-MU) between any new commercial buildings and/or structures that abut a single-family detached home that was existing as of November 25, 2015. Such buffer shall consist of an opaque fence, and/or continuous trees, and/or comparable landscape and hardscape materials that provide a full screen between uses.

** A buffer, 110' in depth, will be provided in **Area B** (PD-MU) between the eastern property line of residential lots fronting Salado Oaks Drive and the proposed development. All development in buffer is Single Family Detached only.

*** **Area D** is zoned PD-HD Planned Development-Historic District; base zoning is Historic District, with uses and regulations allowed as of November 25, 2015.

**** **Area E** (PD-SF7) has a base zoning of SF-7. Only cemetery use is allowed and if expansion is to occur, a Conditional Use Permit must be obtained.

Re: Water Availability for the Sanctuary

Dear Sir/Madam,

Salado Water Supply Corporation can provide a sub-division known as The Sanctuary with water at this time.

Sincerely,

A handwritten signature in cursive script that reads "Juana Preston".

Juana Preston

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	Section 2.2 g	Plat Application Review Process	The Mayor/Village Administrator (or designee) shall have the authority to determine what document(s) the Village will require to prove ownership, such as one of the following: General Warranty deed; Special warranty deed; title policy; or some other documentation that is acceptable to the Mayor/Village Administrator (or designee)	The Proof of Ownership shall be by a signed statement from the owner(s) and acknowledged before a Notary Public, general warranty deed, special warranty deed, or title policy.
Salado Subdivision Ordinance	2.3	Concept Plan Approval	Salado requires the submittal of a concept plan.	The Conceptual Master Plan submitted as Exhibit B and the land uses included in the Master Development Agreement are approved. The next required submittal by Sanctuary prior to development is the Construction Plat or otherwise called the Preliminary Plat
Salado Subdivision Ordinance	2.4 g	Procedures and Submission Requirements for Construction Plat Approval	No construction work shall begin on the proposed improvements in the proposed subdivision prior to approval of the construction plat by the Board of Alderman, nor prior to issuance of all appropriate construction permits by the Village and other appropriate entities or agencies.	The Sanctuary may extend primary water lines, sewer lines, discharge lines, and related mass grading in connection with the construction set forth in the Wastewater Service Agreement provided the Sanctuary gives the Village a set of Construction plans prepared and sealed by a licensed civil engineer and obtained all required County, State, and Federal permits.
Salado Subdivision Ordinance	2.4 g	Procedures and Submission Requirements for Construction Plat Approval	No construction work shall begin on the proposed improvements in the proposed subdivision prior to approval of the construction plat by the Board of Alderman, nor prior to issuance of all appropriate construction permits by the Village and other appropriate entities or agencies.	The Sanctuary may install driveway aprons, access roads, fencing and barriers in connection with the construction of the sanitary sewer plant and the completion of the access roads in connection with the TXDOT road improvements at the Interstate 35 Exit 283 and 284, provided the Sanctuary gives the Village a set of construction plans prepared and sealed by a licensed civil engineer and obtained all required County, State, and Federal Permits.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	2.4 g	Procedures and Submission Requirements for Construction Plat Approval	No construction work shall begin on the proposed improvements in the proposed subdivision prior to approval of the construction plat by the Board of Alderman, nor prior to issuance of all appropriate construction permits by the Village and other appropriate entities or agencies.	The Sanctuary may complete mass grading, excavate ponds, and install storm water piping in order to establish a master storm water drainage system in advance of construction for a commercial or neighborhood phase of construction provided the Sanctuary gives the Village a set of construction plans prepared and sealed by a licensed civil engineer and obtained all required County, State, and Federal permits.
Salado Subdivision Ordinance	2.4 g	Procedures and Submission Requirements for Construction Plat Approval	No construction work shall begin on the proposed improvements in the proposed subdivision prior to approval of the construction plat by the Board of Alderman, nor prior to issuance of all appropriate construction permits by the Village and other appropriate entities or agencies.	The Sanctuary may clear, grade, construct, or place temporary construction offices, marketing offices ("Preview Center") or other such temporary structures and signage for the purposes of promoting or building the Project provided the Sanctuary gives the Village a set of construction plans prepared and sealed by a licensed civil engineer and obtained all required County, State, and Federal permits.
Salado Subdivision Ordinance	2.4 h. 19(f)(6)	Procedures and Submission Requirements for Construction Plat Approval	The undersigned owner does hereby covenant and agree that he (they) shall construct upon the fire lane easements, as dedicated and shown hereon, a hard surface in accordance with the Village of Salado's paving standards for fire lanes and that he (they) shall maintain the same in a state of good repair at all times and keep the same free and clear of any structures, fences, trees, shrubs, or other improvements or obstruction, including boats, or there impediments to the accessibility of fire apparatus.	The Sanctuary may use a "red" paving material to achieve the fire lane designation including concrete or brick pavers (such as Belgard®).

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	2.7 e	Development Plats	Standards of Approval: The development plat shall not be approved until the following standards have been satisfied (see page 38 of Salado Subdivision Ordinance)	The Conceptual Master Plan satisfies any requirement in the Village of Salado Subdivision Ordinance or an individual subdivision plat for public facilities and services, parks, and open spaces. The Sanctuary shall not be required to dedicate any recreational facilities, meeting halls, lakes, ponds, parks, open spaces or streets to the Village of Salado and consequently the Village shall have no operating or maintenance duties or expenses related to these private facilities.
Salado Subdivision Ordinance	2.10 e.1 (c)	Plat Vacation	The Board of Alderman, on its motion and following a public hearing on the matter, may vacate the plat of an approved subdivision or addition when: c) the plat has been of record for more than five (5) years and the Village determines that the further sale of lots within the subdivision or addition presents a threat to public health, safety or welfare, except that the vacation shall apply only to lots owned by the property owner or its successor.	The Village may only vacate a plat in the Project if the Village has given notice to the Sanctuary of the potential threat to public health, safety or welfare with a ninety (90) day notice to cure such threat(s). In no event shall the price of housing, architectural design, or commercial uses be a condition for vacating a plat.
Salado Subdivision Ordinance	3.1	Street Alignments	No Standard Provided	Streets shall have canted horizontal alignments to control vehicular speeds; street alignment adjustments will not exceed a 45 degree change in direction and will have a minimum center-line radius of 60 feet for local streets; or a minimum of center-line radius of 100 feet for a collector street
Salado Subdivision Ordinance	3.1	Street Dimensions- Two Way	No Standard Provided	Option for Commercial and Neighborhood Street shall have two (2) – 10 foot travel lanes in each direction with 4 foot minimum pedestrian or multi-modal zone flush with pavement texture change; total clear zone is 24 feet.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary

11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	3.1	Street Dimensions - One Way	No Standard Provided	One Way Street shall have a 16 foot cart way width plus one 4 foot parallel pedestrian lane, flush with pavement texture change on one side and a 4 foot reinforced earth shoulder on the park side; total clear zone is 24 feet.
Salado Subdivision Ordinance	3.1	Street Dimensions- Streets with medians	No Standard Provided	Landscape islands, or medians, will be allowed in streets for traffic calming and added aesthetics. Minimum dimension of cart ways shall be a minimum width of clear zone of 14 feet, face of curb to face of curb.
Salado Subdivision Ordinance	3.1	Street Dimensions - Curbing	No Standard Provided	All streets shall have a flush concrete ribbon curb, 4" mountable" curb, or 4" "rollover" curb constructed with materials and methods per Village Standard.
Salado Subdivision Ordinance	3.1 c10 (a)	Private Streets	Private Streets shall be permitted only within a subdivision satisfying each of the following criteria: (see page 51 of Subdivision Ordinance)	The Project may have private streets as determined by Sanctuary.
Salado Subdivision Ordinance	3.1 c10(h)	Private Streets	Any public water, sewer and drainage facilities, street lights, and traffic control devices, such as traffic signs, placed within the private street lot shall be designed and constructed to Village standards, and shall be accepted by and dedicated to the Village prior to filing the record plat for the subdivision. All private traffic control devices and regulatory signs shall conform to the "Texas Manual of Uniform Traffic Control Devices", as amended, and to Village standards. All Village regulations relating to infrastructure financing, Sanctuary cost participation, and capital cost recovery shall apply to developments with private streets, with the exception of those applying to street construction.	All traffic control devices and regulatory signs shall conform to the "Texas Manual of Uniform Traffic Control Devices" however, the Sanctuary may place such control devices and regulatory signs in custom fixtures or equipment provided the Sanctuary pays for the cost of installing and maintaining such custom fixtures.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	3.1 c10(h)	Private Streets	The metering for utilities such as water, gas and electricity shall be located on the individual lots to be served, not grouped together in a centralized location(s), such as "gang-box" style metering stations, which shall not be permitted.	The Sanctuary may create a centralized location for utility meters in commercial areas and high density residential areas.
Salado Subdivision Ordinance	3.1 c4(b)	Adequacy of Roads and Access	Each residential lot in the subdivision shall have a minimum frontage on a dedicated public street as required by applicable zoning or thirty-five feet (35'), whichever is greater, unless other provisions have been authorized through planned development approval. Each non-residential lot shall have a minimum frontage on a dedicated public street as required by applicable zoning or fifty feet (50'), whichever is greater, unless other provisions have been authorized through planned development approval.	The minimum residential lot shall be 24' wide x 125' deep. There is no minimum lot size for a commercial lot.
Salado Subdivision Ordinance	3.1 e	Traffic Impact Analysis	Any proposed development project or plat involving a significant change to a proposed roadway alignment from that shown on the Village of Salado's Transportation Plan (or involving a development of two hundred [200] or more dwelling units, or for developments generating two thousand [2,000] or more "one-way" trips per day) shall be preceded by submission, Village staff and Planning and Zoning Commission review, and Board of Aldermen approval of a traffic impact analysis as specified in Subsection (f) below.	The Conceptual Master Plan indicates the street layout and design satisfactory and acceptable to the Village; specifically the intersections and the vehicular connections at Main Street, College Hill Drive, FM 2268, Salado Oaks Drive, and Royal Street. The Project can contain one-way streets. The Sanctuary is not required to submit a Traffic Analysis or compliance with the Transportation Plan provided Sanctuary does not exceed the total land uses pursuant to Article IV (Development Matters) of the Master Development Agreement.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	3.1 p & TCSS Pg 1-4 (E1,2)	Cul-de-sac criteria	A cul-de-sac street shall not be longer than six hundred feet (600'), and at the closed end shall have a turnaround bulb with an outside pavement diameter of at least eighty feet (80') and a right-of-way diameter of at least one hundred feet (100'). The length of a cul-de-sac shall be measured from the centerline of the intersecting street to the centerline of the cul-de-sac bulb.	There is no minimum or maximum length for a cul-de-sac street.
Salado Subdivision Ordinance	3.1 u bold	Points of Access	Residential driveway cuts shall not be allowed on roadways that are larger than a residential collector street (60-foot right-of-way) unless specifically approved by the Board of Alderman with the construction plat application	The Sanctuary may authorize driveway cuts on any street provided there is a concrete or brick paver or poured concrete apron that is at least 4 inches thick and on compacted base.
Salado Subdivision Ordinance	Section 3.1 (Page 61)	Dead end criteria	No dead ends allowed unless they will connect to future streets. If that is the case then no more than 1 lot per side can front onto the street stub unless a temporary turnaround bulb is provided. Max length is 600' and outside diameter needs to be at least 80' with a ROW of 100'	Maximum dead-end street length shall conform to the 800 feet maximum currently allowed; All dead-end streets shall have turnarounds with a minimum outside curb to curb dimension of 80 feet and a rectangular as long as they meet the same turning radii requirements; Landscape islands, or medians, shall be allowed in turnarounds.
Salado Subdivision Ordinance & Salado TCSS	Subdivision Ordinance, Section 3.1 (pg. 60), TCSS 1-4 D	Rights of way (ROW), Intersection spacing and design	Intersecting, undivided streets must have centerline offsets of at least 150'. A street intersection with a major thoroughfare will be at a 90 degree angle and tangent to the intersecting street for at least 100'. No major street shall intersect another major street at an angle of less than 60 degrees. No minor street shall intersect a major street at less than 45 degrees. No local residential street shall intersect any other street at less than 60 degrees	Shall meet Village standards for distance between intersections of 150 feet centerline to centerline; Shall meet Village standards for layout for 90 degrees or will not exceed a 60 degree angle at its intersection point; Landscape islands, or medians, will be allowed at intersections for traffic calming and adding aesthetics.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	Section 3.2 (pg. 62-63)	Alleys	Service alleys in non residential districts shall have a minimum ROW width of 30' and a pavement width of 24'. In residential districts alleys shall be parallel to the frontage of the street and have a minimum ROW width of 20' and 12' of pavement. Dead-end/hammerhead alleys are not allowed. Maximum length is 1,600'. Alley intersections shall be perpendicular and 3-way wherever possible.	Commercial alleys shall have a 30 foot Right-of Way (ROW) with a 22 foot minimum paved lane; Residential alleys shall have a 20 foot ROW width with 12 foot paving lane.
Salado Subdivision Ordinance	3.2 c(4)	Alleys	Alleys may not exceed a maximum length of one thousand six hundred feet (1,600'), as measured along the centerline of the alley and between intersections with other alleys or entrances onto streets (at the right-of-way line of the street at the alley entrance).	There is no minimum or maximum length for an alley street.
Salado Subdivision Ordinance	3.3 a	Easements	The minimum width for Village utility easements shall be twenty feet (20') or as otherwise required by the Village's Engineer.	The minimum width of a utility easement is twenty feet (20'); however the Sanctuary may increase the width as required for multiple lines in a trench or increase depth.
Salado Subdivision Ordinance	3.3 a	Sidewalks	Pedestrian concrete walkways (sidewalks) not less than four feet (4') wide shall be required within a residential subdivision on both sides of Type 1, 2 and 3 streets, in accordance with the Thoroughfare Plan and sidewalks not less than five feet (5') wide shall be provided within all nonresidential developments and along all perimeter arterials, as set forth in the Village of Salado's TCSS and in applicable state standards.	When adjacent or proximate to a ROW, sidewalks shall be 4' minimum width for residential, 5' minimum width for commercial areas where there is retail, restaurants, or entertainment, otherwise 4' minimum width unless site conditions otherwise prohibit.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	3.3 e	Easements	For new development, all necessary on-site easements shall be established on the subdivision plat and not by separate instrument, and they shall be labeled for the specific purpose, and to the specific entity if other than the Village, for which they are being provided.	The Sanctuary is required to provide easements to the Village for services it provides to the Project but shall not be required to provide easements to the public for access to the Projects parks, open spaces, trails or amenities.
Salado Subdivision Ordinance	3.3	Easements	No Standard Provided	The Sanctuary may place walking trails , bicycle paths, gold carts paths or other such pedestrian pathways over easements provided the property owners association or other similar entity is responsible for its maintenance and repair.
Salado Subdivision Ordinance	3.4	Blocks	The length, width, and shapes of blocks shall be determined with due regard to: (See page 63 of Salado Subdivision ordinance)	The blocks shown on the Preliminary Site Plan are acceptable and there is no minimum or maximum length to the block.
Salado Subdivision Ordinance	3.4 b	Blocks	Where no existing subdivision or topographical constraints control, the block lengths shall not exceed one thousand two hundred feet (1,200') in length. Where no existing subdivision or topographical constraints control, the blocks shall not be less than four hundred feet (400') in length;	Maximum block length shall comply with the 1200 foot maximum length except along property boundaries that limit access or have a continuous pattern of development existing. Where this occurs, block lengths shall match the existing condition of adjacent properties.
Salado Subdivision Ordinance	3.4 b	Blocks	Where no existing subdivision or topographical constraints control, the block lengths shall not exceed one thousand two hundred feet (1,200') in length. Where no existing subdivision or topographical constraints control, the blocks shall not be less than four hundred feet (400') in length;	Blocks sizes shall average 250 feet x 500 feet; minimum block dimension shall be 180 feet x 300'; property line to property line; Blocks with irregular shapes (non-rectangular) shall be assessed for compliance by total square footage of the block based on the above minimum dimensions.
Salado Subdivision Ordinance	3.6 b	Lots	In all cases, lots shall have a minimum of thirty-five feet (35') of frontage along a dedicated, improved street.	The minimum residential lot size is 24' wide by 125' deep. There is no minimum lot size for commercial lots.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	3.6 d	Lots	Side lot lines shall be at ninety degree (90°) angles or radial to street right-of-way lines to the greatest extent possible. The Village reserves the right to disapprove any lot which, in its sole opinion, is shaped or oriented in such a fashion as to be unsuitable or undesirable for the purpose intended, or which is not attractively or appropriately oriented toward its street frontage.	The configuration and orientation of the residential lots shown on the Conceptual Master Site Plan are acceptable to the Village.
Salado Subdivision Ordinance	3.7 a	Building Lines	Front, rear, side and street side building lines shall be shown on a concept plan and on any type of plat for all lots, and shall be consistent with the Zoning Ordinance requirements for the district in which the development is located (if subject to the Village's zoning regulations) and with any other applicable Village ordinance, respectively.	Building lines shall be shown on the Construction Plat pursuant to the Sanctuary Zoning Ordinance made part of this Exhibit C.
Salado Subdivision Ordinance	4.2 a	Protection of Drainage and Creek Areas	All creeks and drainage areas shall be preserved and protected in their natural condition wherever possible, unless significant storm drainage improvements are required by the Village in these areas. All development adjacent to creeks and drainage areas shall be in accordance with the Village's TCSS Manual, and with any other Village policies or ordinances related to aesthetics or public access or enjoyment of creeks and waterways.	The Sanctuary reserves the right to maintain the vegetation within drainage areas, place walking trails and paths, or other open space provided the Sanctuary is in compliance with the applicable State statutes and Federal laws.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	4.3	Property Owners or Homeowners Associations	The Sanctuary will submit the articles of incorporation, association by-laws and the Covenants, Codes and Restrictions (CCR's) for Village approval. The Village shall not unreasonable withhold such approval.	The Sanctuary will provide a copy of the Articles of Incorporation, By-Laws, and the Covenants, Codes and Restrictions (CCR's) organizing the property owners association and establishing the architectural review board. The architectural review board shall include at least one registered architect and one registered landscape architect.
Salado Subdivision Ordinance	4.4 b	Park Land & Public Facility Dedication	Any person, firm, or corporation offering a preliminary or final plat for development of any area zoned and to be used for single-family, duplex, or multi-family residential purposes within the Village shall include on such preliminary or final plat the dedication (to the Village of Salado) of land for public park purposes, calculated at the rate of not less than one (1) acre of park land per one hundred (100) ultimate units of such residential subdivision, and the buildable area of public parks shall not be smaller than five (5) in size	The Sanctuary is exempt from the requirements of 4.4 b (Public Land Dedication)
Salado Subdivision Ordinance	5.3	Street Lights	All street lighting shall be in keeping with the "semi-rural" atmosphere of Salado, and shall be in conformance with the Village's TCSS, "dark sky" lighting ordinance (when and if enacted), and any other applicable Village codes.	The Sanctuary may install custom designed streetlight poles and fixtures and shall be "dark sky" fixtures. The minimum street light spacing shall be at each intersection with at least one street light per intersection.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance	5.4 a	Street Names and Signs	Street names must be submitted to the Village for review and approval in accordance with the Village's guidelines for the naming of streets. The Village shall forward all proposed street names to others for review, including the U.S. Postal Service, the County, and any other applicable emergency service providers. Proposed street names shall be submitted for review along with (and as a part of) the construction plat application, and shall become fixed at the time of approval of the construction plat.	Village accepts the following street names approved by Central Council of Governments: Max Barnett, Cabiness Lane, Hanks Boulevard, Big Bill's Lane, Freda's Court, Hudson Court, Maggie's Cove, Nelson's Way, JL Nutt Circle, Gene Warr, Wayne Watts, Grady Wilson, TW Wilson, Heidi Circle, Alpen, Arosa, Avonlea, Bariloche, Edinburgh, Nottingham, Rothenberg, Sandringham, Totteham, Villars, Basketflower, Black Locust, Blue Sage, Blue Salvia, Blue Waterleaf, Button Bush, Cedar Sage, Chinaberry, Columbine, Crimson Clover, Crinum Lily, Crossvine, Dayflower, Elderberry, Firewheel, Frostweed, Last Daisy, Milfoil, Milkweed, Mistflower, Passion Flower, Rain Lily, Sand Lily, Sandbells, Spider Lily Turk's Cap, White Clover, Borders, Retriever, Lover's Lane, Polo, Provincial, Sadie, Samantha, Spotted Fawn, Tartan, Heather Lane
Salado Subdivision Ordinance	5.4 b	Street Names and Signs	Surnames of people or the names of corporations or businesses shall not be used as street names, unless approved by the Board of Aldermen.	Village accepts the following street names approved by Central Council of Governments: Max Barnett, Cabiness Lane, Hanks Boulevard, Big Bill's Lane, Freda's Court, Hudson Court, Maggie's Cove, Nelson's Way, JL Nutt Circle, Gene Warr, Wayne Watts, Grady Wilson, TW Wilson, Heidi Circle
Salado Subdivision Ordinance	5.7 b(2)	Entryway Features	The entryway feature shall include low maintenance, living landscaped materials as approved by the Board of Aldermen. The	For entryway features, the Sanctuary may design and construction stone column, arches, fountains, wooden gates or other such ornamental features. The entry features may be illuminated and include lighting, subject to approval by the Sanctuary Architectural Review Board.

Exhibit C Exceptions and Minimum Specifications to the Ordinances

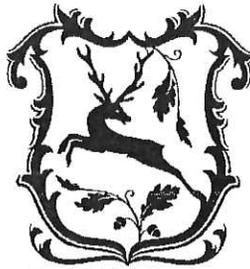

Master Development Agreement between the Village of Salado and Sanctuary
11/24/2015 10:24

Ordinance	Location	Criteria	Standard	Sanctuary Minimum Standard or Specification
Salado Subdivision Ordinance (Landscape)	N/A	Planting Requirements - Residential Lots	No Standard Provided	One (1) canopy or one (1) understory tree per 30 foot of lot frontage; 30% of each lot shall be planted in ground covers, grasses, perennials, or shrubs; lawn is limited to 70% of lot area.
Salado Subdivision Ordinance (Landscape)	N/A	Planting Requirements - Streets and Parking Lots	No Standard Provided	Street Trees shall be planted on streets outside the Town Center (defined as streets that do not front Commercial Lots and Apartment Lots) at 40 feet on center. No street trees are required for Commercial or Apartment Lots; One (1) canopy or one (1) understory tree per every 10 parking spaces required in parking lots
Salado TCSS	1-4 "F"	Other	All street in non-residential developments shall be 24-inch standard curb and gutter. Residential streets shall have 24-inch standard curb and gutter or mountable curb (24" is standard), or ribbon curb (no detail).	Curbing may be a flush poured concrete ribbon curb, 4" "mountable" curb, 4" "rollover" curbs per Village Standard.
Salado TCSS	Exhibit 1.1 Page 1-2	Horizontal minimum curves: 20 mph, 30 mph	Local & Neigh Col. = 200', Minor Col = 450', Major Col. = 1,000', Arterial 1,800'	Local & Neigh Col. = 200', Minor Col = 450', Major Col. = 1,000', Arterial 1,800'
Salado TCSS	Exhibit 1.1 Page 1-2	Maximum grade	5% for arterial & major col., 7% for minor col & neigh col., 10% for local street	Street grades shall not exceed 8% except where topography or other condition warrant; Limited street segments of less than 300' in length shall have street slopes up to 12% where topography and ingress and egress dictate; design speed for vertical curves shall be 25 mph for all streets other than TXDOT streets
Salado TCSS	Exhibit 1.1 Page 1-2	Minimum grade	0.75% for arterial - minor collector, 0.50% for local and neigh col.	No minimum grade stated
Salado TCSS	Exhibit 1.1 Page 1-2	Vertical minimum curves 20 mph, 30 mph	AASHTO standards, Site distance - Min design speed criteria is 40 mph for local - minor col., 50 mph major col., 60 mph arterial	Design speed for vertical curves shall be 25 mph for all streets other than TXDOT streets

Re: Appeal of PD Zoning Request for Areas A, B and D

Dear Mary Ann:

As the authorized representative and applicant for Areas A, B and D shown on the attached Zoning District Areas for Planned Development map, I have been advised on January 12, 2016, that the Planning & Zoning Commission has recommended denial of the request to rezone these areas to Planned Development.

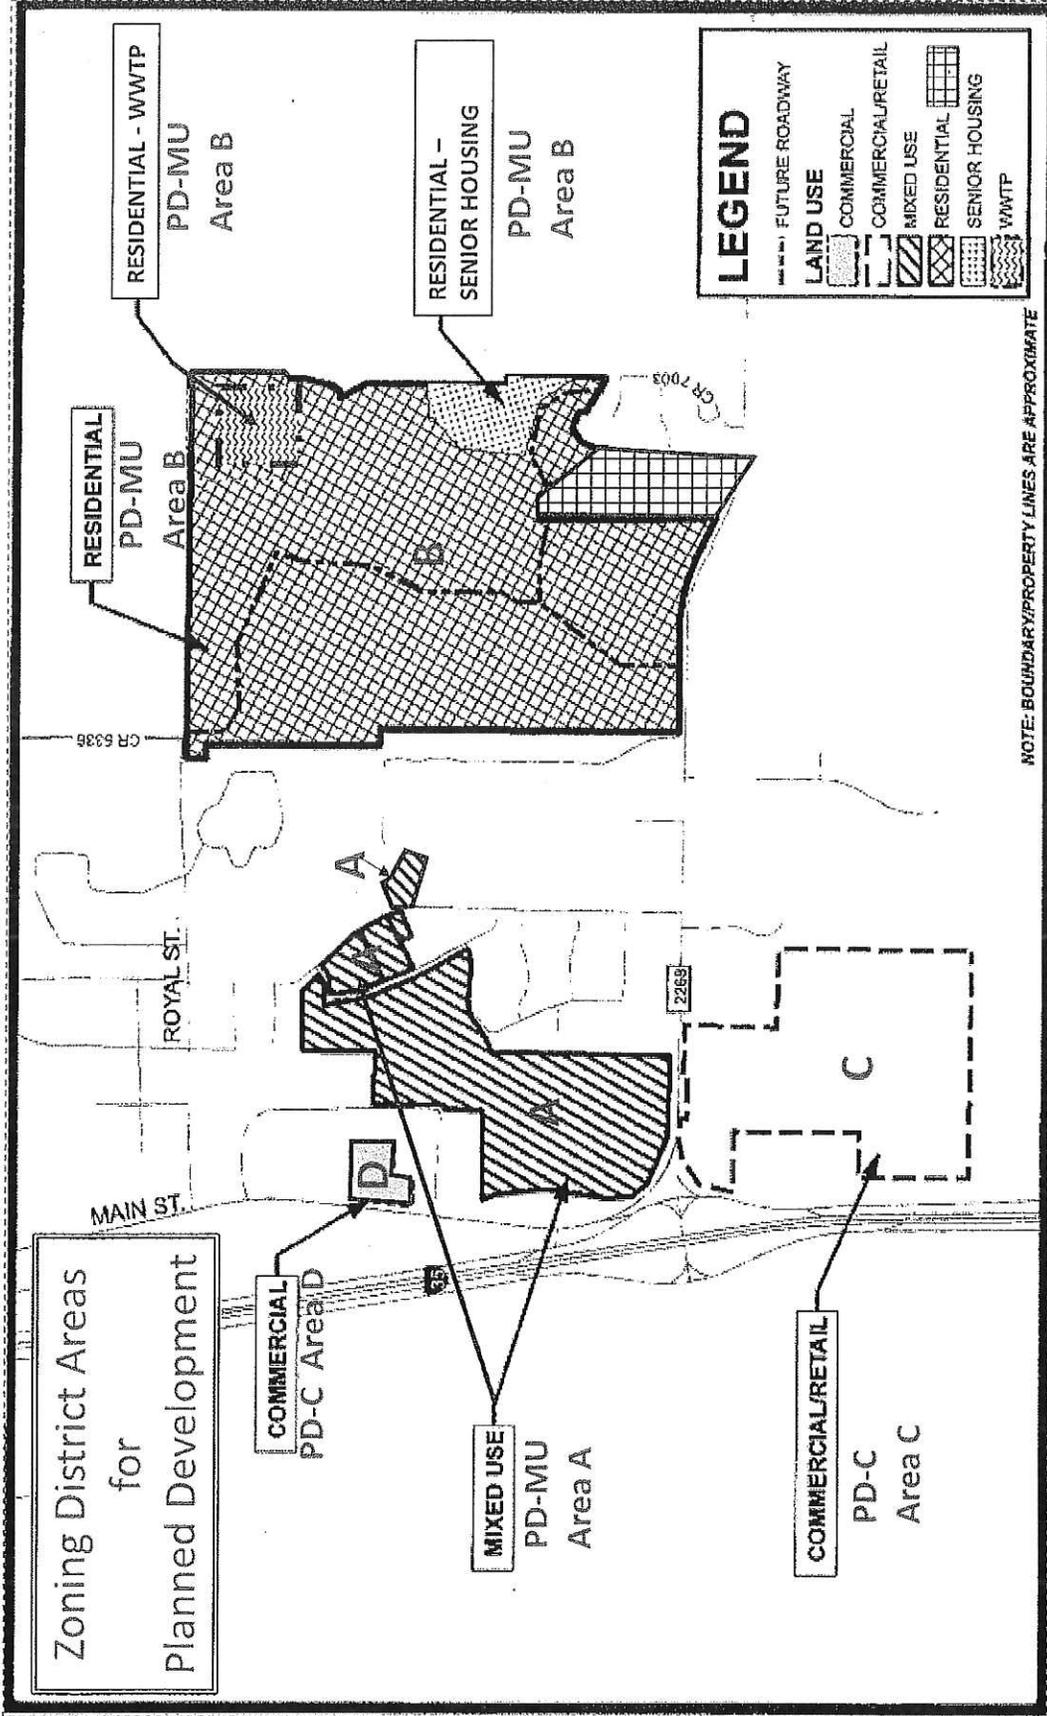

I am requesting that the Board of Aldermen consider and approve the Planned Development zoning request at their earliest possible date. Please let me know if you would like any additional information from our team.

With appreciation,

A handwritten signature in black ink, appearing to read "Billie Harks, Jr.", written over a large, stylized flourish.

Billie Harks, Jr.

SALADO BOARD OF ALDERMEN

AGENDA ITEM MEMORANDUM

2/11/16
Item # 4
Regular Agenda
Page 1 of 2

DEPT/DIVISION REVIEW: Chrissy Lee, Planning and Development
Kim Foutz, Village Administrator

ITEM DESCRIPTION: Presentation, discussion, and possible action on an ordinance authorizing zoning of 18.71 acres out of 20.017 acres in the Young Williams Survey, Abstract No. 861, Tract 1, to PD-MU (Planned Development Mixed Use) for Hidden Glen Senior Living Center, located at 251 Mary Lane.

STAFF RECOMMENDATION: Based on the following, staff recommends approval for zoning for the following reasons:

1. The proposed zoning of PD-MU and its associated uses are in compliance with the Future Land Use Plan (Medium-Density Residential);
2. The proposed zoning is compatible with surrounding zoning and uses;
3. The request complies with the Thoroughfare Plan;
4. The request complies with the Future Trails Plan
5. Public and on-site private facilities are available to serve the subject property.

ITEM SUMMARY AND ANALYSIS: The subject property is currently located outside of the city limits and is pursuing zoning in conjunction with their annexation. The proposed zoning is PD-MU and will allow multiple-family dwellings and assisted living facility as uses. No other uses are proposed.

SURROUNDING PROPERTY AND USES: The following table provides the direction from the property, Future Land Use Plan (FLUP) designation, existing zoning, and current land use.

<u>Direction</u>	<u>FLUP</u>	<u>Current Zoning</u>	<u>Current Land Use</u>
Site	High-Density Residential	Outside city limits	Multi-family underway
North	Retail, Low Density Residential	Outside city limits	Industrial, house, vacant
South	High-Density Residential	MFR, LR, O	Duplex
East	Low-Density Residential	SFR	Residential
West	Low-Density Residential, Retail	SFR, R	Residential, industrial

COMPREHENSIVE PLAN COMPLIANCE: The proposed zoning relates to the following goals, objectives, or maps of the Comprehensive Plan and its related planning maps:

<u>Document</u>	<u>Policy, Goal, Objective, or Map</u>	<u>Compliance?</u>
CP	Map 3-1 – Future Land Use Plan (FLUP)	Yes
CP	Map 4-1 – Transportation Plan	Yes
FTP	Map 5-2 -- Future Trails Plan	Yes

[Type here]

Future Land Use Plan (FLUP – Map 3-1): The FLUP notes the subject property is planned for high density residential development. The proposed zoning of PD-MU meets the FLUP plan since the proposed allowed uses are multiple family dwelling and assisted living facility. In addition, due to the site plan layout provided as part of the Planned Development application, which will be part of the zoning ordinance, there is sufficient buffering to the east and west which are residential uses. Primarily industrial uses are to the north and multi-family and assisted living facility will provide a good transitional use and buffer. To the south are duplexes which are compatible. *Please see the attached map.*

Transportation Plan (Map 4-1): There are no local, collector or arterial streets planned for this site. Mary Lane, which is the primary entrance to the proposed development, is a private road which is owned by the developer. According to the plat and construction plans that were approved, Mary Lane will be newly paved by the developer. Internal streets on the site plan are private. *Please see the attached map.*

Future Trails Plan (Map 5-2): There are no public trails planned on this site. Internal, private recreational paths will be constructed on the site with access to Stagecoach Circle. Public trails are planned to the northeast of the property at existing recreational fields. The Developer has paid park fees in lieu of dedication. *Please see the attached map.*

Adequacy of Utilities: This property will be served with multiple on-site septic systems which have been approved by the Bell County Health District. The property is served by Salado Water Supply Corporation.

DEVELOPMENT REGULATIONS: This is a Planned Development. The Developer will follow the setbacks, layout, and building elevations of the Site Plan which is incorporated with this zoning. *See attached Site Plan and elevations.*

PUBLIC NOTICE: Notice of public hearings and request for feedback were sent to all property owners within 200 feet of the subject property as required by state law and Village ordinance. Feedback forms and associated area protest calculations as of February 8, 2016, at 5:00 p.m. are: 53 notices mailed, 3 denial responses received, and 1 approval received. A simple majority vote is required to adopt the zoning.

The Salado Village Voice printed notice of the public hearing on December 24, 2015, in compliance with state law and Village ordinance. A public hearing was held by the Planning and Zoning Commission on January 12, 2016, and the BOA held a public hearing on January 21, 2016.

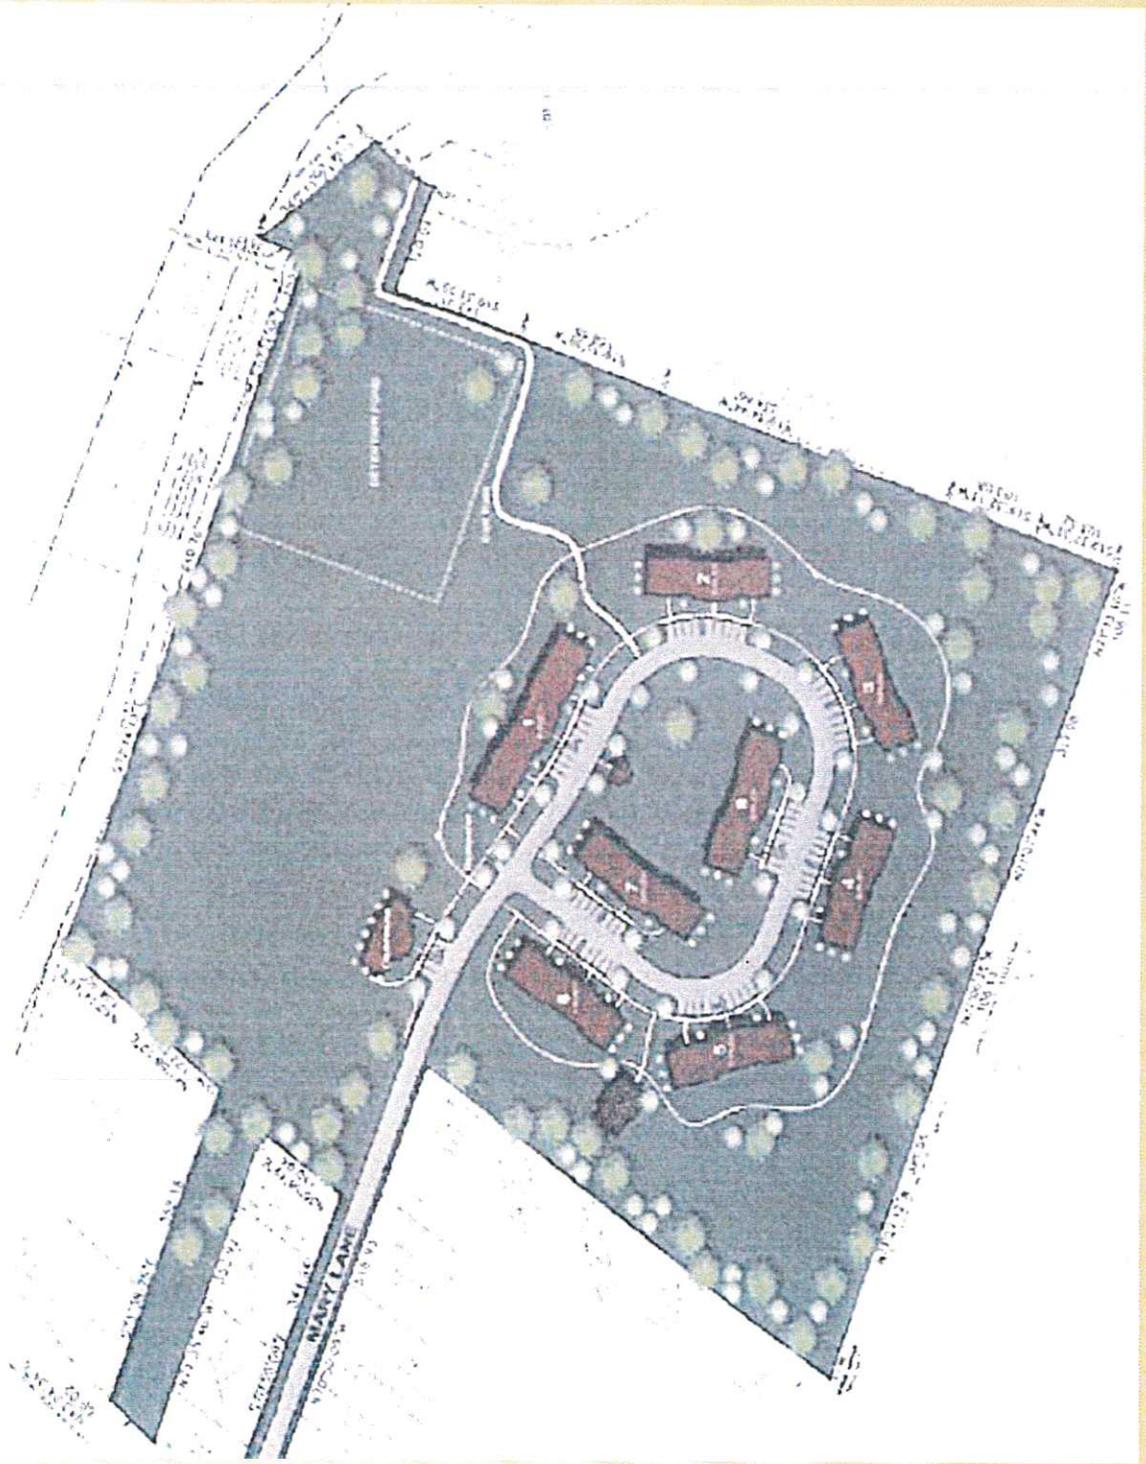

FISCAL IMPACT: This development is a \$6,400,000 capital investment which is anticipated to yield \$21,728 per year in property taxes.

ATTACHMENTS:

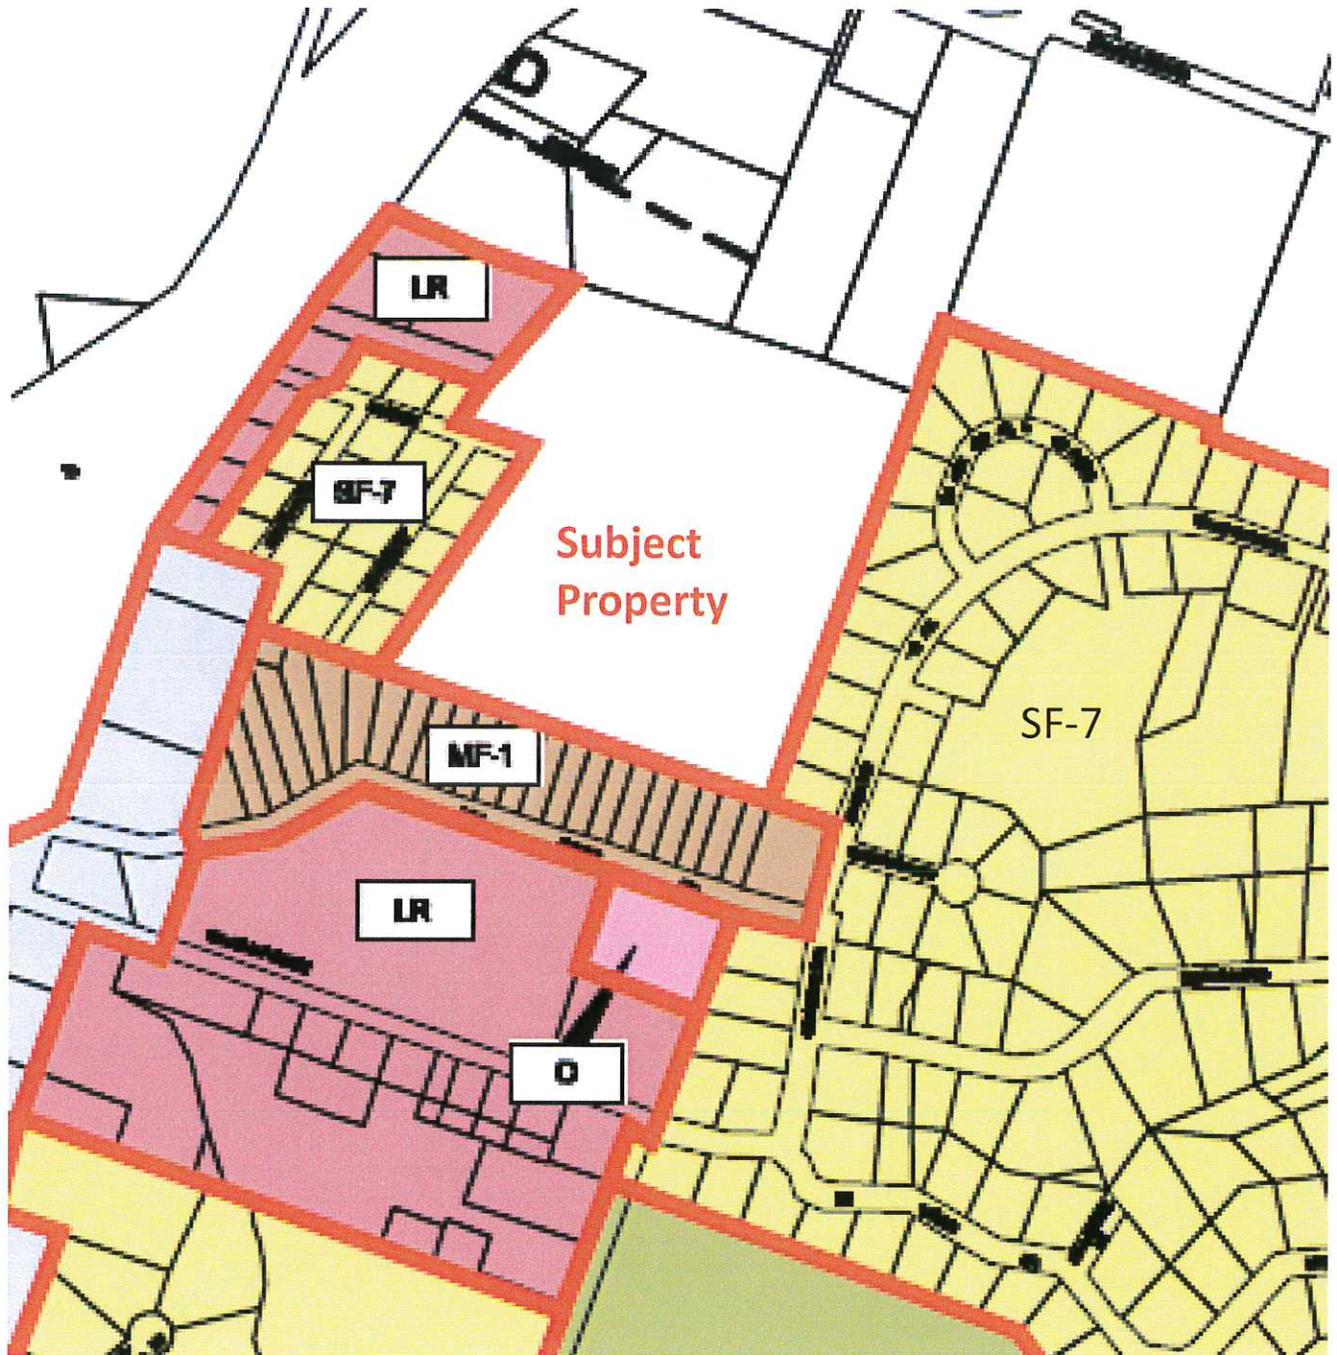

- Maps of Area to be Zoned, 251 Mary Lane
- Site Plan and elevations
- Zoning Map (applicable area noted as Subject Property)
- Future Land Use Map (applicable area noted as Subject Property)
