---TRAFFIC ALERT---

June 14, 2016

Salado – Northbound I-35 Mainlane Traffic is Switched to **NEW** Pavement
Several other changes will occur over the next two weeks.

On June 12, the contractor in Salado switched northbound mainlane traffic from old pavement to **NEW** pavement. Over the next two weeks, the following activities are planned for the I-35 corridor in Salado:

- Salado Plaza Drive to open to through traffic on June 16. Salado Plaza Drive and Mill Creek Drive will be staged with flaggers to guide traffic through the area while the switch is being finalized from 7 pm – 7 am starting June 15.
- The northbound frontage road from Salado Plaza Drive to FM 2484 is to be converted to one-way north on June 17. Message boards are currently displaying the upcoming switch to one-way traffic. The work to complete the switch will be finalized from 7 pm – 7 am starting June 16.
- The northbound off-ramp (Exit #286) to FM 2484 to reopen on June 20. I-35 will have a one lane closure from 10 pm – 7 am starting the night of June 19.

All these activities are weather dependent.

Efforts to improve the I-35 corridor throughout the state would not be possible without the support of local governments, the Texas Legislature and the U.S. Congress. In addition to the ongoing \$1.9 billion dollar expansion of I-35 through TxDOT's Waco District, a number of critical projects are underway in the Dallas/Fort Worth region to improve I-35 connections to I-820 and I-635 thanks to a partnership with the private sector. Meanwhile, TxDOT continues to plan for the long-term future of the I-35 corridor through the MY 35 citizen-driven planning process. For more information about I-35 expansion projects or the MY 35 planning effort, visit www.my35.org. Follow us on [Twitter.com/I35Travel](https://twitter.com/I35Travel).
