

NOTICE MAIN STREET CONSTRUCTION

Beginning Monday, August 8 at 7:00 p.m., a TXDOT contractor will be installing sewer casings across Main Street from Thomas Arnold to Salado Plaza Drive. The casings will go across the entire street at six separate locations and will involve open trenching. The contractor will have lights in the work areas and flagger stations on each side to direct traffic for safe passing. All work will be conducted during the evening starting at 7:00 p.m.

This work is being done to accommodate the future sewer system, minimize damage to the roadway, and in preparation for the final surface overlay to be placed on Main Street later this month.

Please note: TXDOT has not advised the Village regarding how many nights this work will take place. TXDOT has indicated the work may continue for several days, but not for more than one week.

Note: We apologize for this late notice. The Village was advised of these construction activities on Friday, August 5.

Questions?? Please call city hall at 254-947-5060
