Starting **Monday, October 3, 2022**, and running through **Thursday, October 6, 2022**, the Village of Salado will be making improvements to the pavement surface of Mill Creek Drive from Main Street to Chisholm Trail.

Crews will be milling the existing roadway surface and paving a layer of asphalt onto the entire length and width of Mill Creek Drive. One lane of the roadway will always remain open while the road work is being done.

Flaggers and signage will be used to control traffic for the duration of the project. All work will be done during daylight hours.

As the paving crews progress along the road, business and residential driveways may be impacted for a couple of hours. Crews will do everything possible to minimize the inconvenience for residents and business owners in the area. Your patience and cooperation are appreciated
